ALL DEFENDANTS FOUND GUILTY

Mayor Donn M. Roberts, 26 Other
Machine Workers in Terre Haute
Held Responsible.

FOR ELECTION CORRUPTION

Defendants in Trial Just Closed and
89 Pleading Guilty Will be Sen-
tenced April 12.

ARE ALLOWED TO GO HOME

Believed Sentences to Leavenworth
Awaits 27 Found Guilty by
Jury Today.

(By United Press.)

Indianapolis, Ind., April 6.—May-
or Donn M. Roberts of Terre Haute
and the 26 co-defendants in the
Terre Haute election conspiracy
trial were today found guilty by the
jury in the United States district
court here. The charge was that
they had conspired to corrupt the
election of November 3, 1914.

Judge A. B. Anderson instructed
the 27 men found guilty today, as
well as the 89 who pleaded guilty, to
go to their homes and to return to
court April 12 at ten o'clock when
sentences will be pronounced.

The verdict was returned a few
minutes after ten o'clock this fore-
noon.

It is considered probable that
some of the 27 found guilty will ap-
peal.

With this verdict the government
succeeded in its first attempt to
safeguard the direct election of Uni-
ted States senators by prosecuting
successfully the men who corrupted
a city and county election. It was
the first time the federal penal code
had been enforced in elections. The
application was made and the in-
dictments drawn by District Attor-
ney Frank C. Dailey, who conducted
the investigation and the trial prac-
tically unaided. Mr. Dailey is a Dem-
ocrat as are the defendants who
composed the Democratic machine of
Terre Haute and Vigo county.

It was believed that sentences to
Leavenworth awaits the 27 men
found guilty, but Mr. Dailey said he
was disposed to recommend leniency
for the 89 men who pleaded guilty
and aided the government during the
trial.

The trial closed today was the
first attempt of the government to
safeguard the direct election of
United States senators by making
examples of "gangsters" who had
debauched the ballot in a city elec-
tion in the United States subject to
review by the federal government
and provides the most powerful
weapon yet found to protect the bal-
lot.

The government chose well when it
picked Terre Haute as the first city
to undergo the investigation, for
conditions were found to exist

COST NEAR \$10,000.

(By United Press.)

Indianapolis, Ind., April 6.—
Early estimates place the cost
to the government of the Terre
Haute conspiracy trial ending
today at over \$10,000. Some of
the items can be safely esti-
mated at this time. Among them
are \$1,160 for the jury, \$300
for the venire, over \$5,000 for
witnesses and about \$3,000 for
expenses of the grand jury.
The expense of a special train
to Ft. Leavenworth is not inclu-
ded. These estimates were ob-
tained from Marshal Storen's
office.

CONSPIRACY TRIAL DATES

Nov. 18.—Roundup of eight
"Hut" gangsters on affidavits
filed with Commissioner
Moore.

Dec. 23.—Indictment returned
in federal court against 126
Terre Haute politicians, includ-
ing Mayor Donn M. Roberts.

Dec. 25.—Arrest of 45 on in-
dictment Christmas night.

Dec. 26.—Arrest of 51 men,
including Donn M. Roberts.

Jan 1 to 15.—Arrest of twenty
minor conspirators.

Jan. 12.—Arraignment at
which 81 to 114 then under ar-
rest pleaded guilty, to conspir-
acy.

Jan 15 to March 1.—Seven
change pleas from guilty to
guilty, making total pleading
guilty 88.

Jan 23.—Judge Anderson sus-
tains indictment in every par-
ticular, overruling demurrer of
Donn Roberts and twenty-seven
others.

March 8.—Beginning of trial.
(Government consumes fifteen
days for evidence in chief after
opening statements had taken
two days.)

March 23.—Sheriff Shea, City
Judge Smith and Alex. Steel
jailed for tampering with gov-
ernment witnesses and defend-
ants who had pleaded guilty.

March 24.—Mayor Roberts
jailed by court on charge of
conspiring to tamper with gov-
ernment witness.

March 27.—Government rests
evidence in chief.

March 27.—William Davern,
defense witness, jailed for per-
jury.

March 31.—Defense ends its
evidence in chief after a sur-
prisingly brief period.

April 1.—Argument begun be-
fore jury.

there that made conviction compara-
tively easy and allowed slight
defense for the election-corruption
conspirators. The defense showed
signs of breaking up early in the
trial and before District Attorney
Frank C. Dailey had closed every
guard that had been thrown about
the Mayor Roberts organization was
broken down.

The defense tried to make a show-
ing, but under District Attorney Dai-
ley's questions, the defense witness-
es broke down and provided valuable
evidence for the government, most
damaging to the defense.

The hopelessness of the defense
was best pictured on the face of
Mayor Roberts. This man who, ac-
cording to Dailey, had been "The
Czar of Terre Haute" and the man
who conceived the whole conspir-
acy, was the picture of despair dur-
ing the closing days of the trial.
When the trial opened he had a smile
and a handshake for his friends and
defiance for his enemies. The smile
faded and he became nervous. When
the arguments began he could not
remain in the court room, but walked
the long corridors of the federal
building on the arm of Mrs. Roberts,
seldom glancing up from the floor,
and continually muttering to him-
self.

Roberts knew that the other
twenty-seven defendants blamed him
for their plight and for the poor

EXCELLENT PRECEDENT.

(By United Press.)

Washington, April 6.—The at-
torney-general's office received
from the United Press today
the first news of the conviction
of Mayor Donn M. Roberts and
his 26 co-defendants. The
statement was authorized that
the department was much pleas-
ed, considering that an excel-
lent precedent had been estab-
lished, and felt sure similar
practices would be discouraged
in the future.

SHERIFF NOT HIT BY FORM LETTER

Never Claimed "in" and "Out" Fees
So State Board of Account Rul-
ing Has no Effect.

COMMISSIONERS GET ONE TOO

Former Sheriff Bebout Took Fees,
and According to New Construc-
tion, Has Right to Them.

The sheriff of Rush county is not
hit by a form letter sent out by the
state board of accounts regarding
the collection of "in" and "out" fees.
Sheriff Cavitt has never claimed
these fees as it was his understand-
ing that he was not entitled to them.
The letter states that the sheriffs are
not entitled to the fees after March
10, 1913.

These fees are 25 cents for plac-
ing a prisoner in jail and 25 cents
for releasing him. The letter receiv-
ed here calls attention to the fact
that there have been numerous con-
flicts in the law and that the sheriffs
have not known when to collect these
fees and when not to collect them.
According to the state board of ac-
counts, the sheriffs have a right to
collect these fees from April 10,
1909, to March 10, 1913. The letter
says that fees collected previous or
subsequent to these dates are ille-
gal.

Sheriff Cavitt has never put in a
claim for the "in" and "out" fees as
it has always been his opinion that
he was not entitled to them. He
stated today that if he should find
that he is entitled to the fees he will
file his claim at the end of his term.
Former Sheriff Bebout claimed the
"in" and "out" fees, filing his claim
at the end of his term as sheriff. At
the time he was advised that he prob-
ably would have to pay the money
back to the county, but under the lat-
test ruling of the state board it ap-
pears that he is safe.

According to the state board, the
fees are legal between these dates
given in the letter and these dates
cover the period which Mr. Bebout
served as sheriff. The sheriffs in
many counties get more out of the
"in" and "out" fees than they do
from the salary connected with the
office.

In big counties like Marion these
fees amount to something worth
while in the course of two years. A
similar letter was received by the
county commissioners but they never
even as much as read it as the ques-
tion here was considered settled
since the sheriff does not claim the
fees.

SAMUEL COHEE BARN BURNS

Fire at Mays Today Causes Loss to
Telephone Companies.

A barn belonging to Samuel Co-
hee in Mays was destroyed by fire
this morning with considerable loss.
The origin is not known. The Ra-
leigh and Rushville Telephone com-
panies suffered a loss when their
cables were burned in two. The barn
was in the rear of the Mays tele-
phone exchange and for a time the
building in which the exchange is lo-
cated was threatened. Telephone
communication to Mays has not yet
been restored.

FINANCES SHOW AN IMPROVEMENT

County Has More Money on Deposit
in Banks Than Month Ago When
Statement Was Made.

THE TOTAL IS NOW \$225,585.06

Amount Possessed by County is Al-
ways Much Larger at End of
Taxpaying Periods.

The financial condition of the
county, from the standpoint of mon-
ey deposited in the various banks of
the county, shows an improvement
for the month ending April 1 over
the previous month. The financial
statement has just been made by
County Treasurer Williams to the
board of finance.

Rush county had a total of \$225,-
585.06 on deposit in the various
banks and trust companies at the
close of business April 1. This
amount is \$14,907.95 more than the
previous month and it is stated that
with the payment of the spring in-
stallment of taxes this month the
sum will go far beyond this. The
amount the county has on deposit is
always larger at the end of both tax
paying periods than any other, and
it is at this time that the banks come
nearer getting the full amount of
money they are entitled to under the
law.

The interest the county received
from the various banks and trust
companies amounted to \$380.20. For
the month of February the interest
was \$227.78. The amount on de-
posit in the banks and trust compan-
ies at the close of business April 1
was as follows:

| | |
|------------------------|-------------|
| Rush Co. National | \$50,437.74 |
| Rushville National | 34,220.09 |
| Peoples National | 38,866.85 |

| Mays bank | 6,160.47 |
| Falmouth bank | 4,802.60 |
| Glenwood bank | 5,203.49 |

Total \$225,585.06

The interest received by the coun-
ty on these deposits were as follows:
Rush Co. National \$79.95
Rushville National 52.52
Peoples National 70.05
Peoples Loan and Trust 38.58
Farmers Trust 21.73
Milroy bank 16.85
Manilla bank 14.05

G. O. P. WINS IN MICHIGAN

Returns Indicate State Ticket Elect-
ed by 30,000.

(By United Press.)

Detroit, Mich., April 6.—The en-
tire Republican State ticket for
minor offices was successful in yes-
terday's election. Returns still very
incomplete today showed that the
vote, except in counties where local
option was an issue, was extremely
light, but that the Republican ticket
carried by probably 30,000 majority.
The Progressive vote was negligible.

Rushville Gun and Country Club Will
Elect Officers.

The annual meeting of the mem-
bers of the Rushville Gun and Coun-
try club will be held this evening at
seven-thirty o'clock in the directors
room of the Rushville National bank.
A full attendance of the members is
desired because it will be decided
whether the club shall continue. The
club house was considerably damag-
ed during the winter and the officials
want to know whether it is the de-
sire of the members that repairs be
made and the club continued. Offi-
cers will be elected for the year.

PITTSFORD ENTERS A PLEA OF GUILTY

Man Arrested in Indianapolis Yes-
terday Fined \$50 and Sentenced
to 30 Days.

OTHERS MAY BE IMPLICATED

Frank Pittsford arrested in Indi-
anapolis and brought here to face
the charge of the illegal sale of in-
toxicating liquor, unexpectedly en-
tered a plea of guilty before Judge
Sparks late yesterday afternoon and
was given the minimum fine of \$50
and thirty days in jail. Pittsford
immediately began serving the sen-
tence.

Pittsford was alleged to have sold
a quart of whiskey to Thomas Mc-
Cormick for \$1.25. McCormick stated
that he gave Pittsford \$2 for the
quart and was "shortchanged" out
of seventy-five cents. This made
McCormick "sore" at Pittsford and
he told Mayor Bebout and the pro-
secutor the story of the transaction.

It was intimated that Pittsford
would turn state's evidence and de-
velopments of a sensational charac-
ter are said to be on the way. Others
may be implicated on liquor charges.

JACK SUDDENLY CHANGES PLANS

Rumored Former Champion Will Try
to Evade U. S. Authorities
Who Seek Him.

FIGHT RECEIPTS FALL OFF

By Barry Faris

Havana, April 6.—Jack Johnson,
fallen heavyweight champion, sud-
denly changed his plans this after-
noon and made preparations for a
quick getaway to England leaving by
way of Jamaica tonight.

Rumors that the negro was about
to be arrested at the request of the
United States government and re-
turned to Chicago on white slave
charges were circulated here about
noon. They could not be definitely
confirmed. Before one Johnson's
valet was busy packing his belong-
ings and the negro announced that
he would take a night boat. He re-
fused to give any reason for his
quick change in plans.

Receipts from yesterday's big mill
fell short of expectations. Instead
of the \$100,000 gate receipts the
promoters announced, the receipts
have been, I am reliably informed,
barely \$50,000.

decorating the interior of his grocery

RECORDER DOES NOT GET THE FEE

Charles Brooks Receives Notice of
Ruling by State Board Con-
cerning Mortgage Exemption.

FORMERLY RETAINED FEE

In Some Instances Notaries Here
Double Sum Which Was For-
merly Charged by Them.

County recorder Charles Brooks
has received an important ruling by
G. H. Hendren, state examiner for
the state board of accounts. The
ruling deals with notary fees for fill-
ing out mortgage exemptions and is
the result of the suit brought by an
auditor against the state.

The court has held and the
ruling of the state board is that the
recorder, or his deputy must not
keep the fees collected by taking ac-
knowledgements or filling out mort-
gage exemptions. Under the old plan
the recorder or his deputy would fill
out the exemptions, which must be
filed with the auditor, and the fee
thus received would be theirs. Under
the ruling the county gets this fee
and as a result the recorder's office
has cut out dealing with exemptions.

Mr. Brooks stated that it was not
worth the trouble and extra work to
him or his deputy to make out the
mortgage exemptions and then turn
the money over to the county. It is
stated that notaries have raised the
fees this year for filling out the ex-
emptions to fifty cents, where in
many instances the fee has only been
twenty-five cents. The same ruling
on the recorder taking fees will ap-
ply to the auditor and all fees he col-
lects for work of this kind must go
to the county. The letter received by
Mr. Brooks is as follows:

"We are receiving many inquiries
regarding the ownership of fees re-
ceived by county recorders and their
deputies for filling out mortgage ex-
emption affidavits, taking acknowl-
edgements, etc. All such fees col-
lected by such officers or their deputies,
belong to the county and must be
paid into the county treasury.

"If the deputy qualifies as a no-
tary public and signs such instru-
ments as a notary public, the fee be-
long to the county and must be paid
into the county treasury. See the
case of Sharp Vs. State, 54 Ind.
App. 182; 99 N. E. 1072.

"A deputy in your office cannot
retain the fee charged for adminis-
tering oaths or taking acknowledg-
ements, notwithstanding the fact that
he attempts to act as a notary pub-
lic."

Cash in Mr. Merchant

When the national manufac-
turer advertises in this newspa-
per he is creating a demand for
his goods.

It is definite, tangible and will
be felt by every retailer who has
them in stock.

The storekeepers who will get
the greatest benefit out of this
advertising are those who co-op-
erate with the advertising and
the public.

These live merchants will
draw the demand their way by
showing the goods in the win-
dows or putting them where
people will see them.

The manufacturer's newspa-
per advertising and their co-op-
eration will be very promptly re-
flected in a wholesome increase
in sales.

SMALL BLAZE

A small blaze called the fire department to the home of Martin Kelley, 530 North Sexton street, shortly after one o'clock this afternoon. Small damage was done and the fire extinguished before the arrival of the department. The alarm was phoned in.

JAW BROKEN IN FALL.

William Eek, employed at the I. & C. car barns, broke his jaw bone in a fall from the roof of a car at the yards here late yesterday afternoon. Eek was on top of the car adjusting the trolley and in some manner lost his balance and fell to the ground. The jaw bone was badly broken and it was necessary to pull most of his teeth to wire the broken bone so it could be set.

Doctors Said He Had Dropsy

Some time ago I had an attack of grippe which finally settled in my kidneys and bladder. I doctored with the doctors and they claimed I had dropsy. I tried other remedies and got no relief from any of them. My condition was such that I was unable to work for about two months and the annoying symptoms caused me a great deal of trouble and pain. I was hardly able to turn over in bed. Seeing one of your Almanacs, I decided to give Dr. Kilmer's Swamp Root a trial and after taking several bottles was able to resume my work again. I cannot say too much in praise of your Swamp Root as the results in my case were truly wonderful.

TRAWLER AND SHIP
ARE SENT TO BOTTOM

Northlands and Alantha Are Latest Victims of German Submarine Warfare.

A VESSEL OF A NEWER TYPE

(By United Press.)
A trawler and a ship dashed through a heavy sea at incredible speed torpedoed and sunk the steamer Northlands off Beachy Head in the English channel. While some of the crew landed at Deal today were inclined to believe that the attacking submarine was the famous U-12, others believed it was of a newer and far more powerful type.

Word of the sinking of the Northlands was received here only a short time before the crew of the trawler Alantha was landed at Blyth near Newcastle. The Alantha was overhauled and sunk by a submarine in the North Sea after a short chase.

The Northlands ignored the first signal from the submarine commanding her to halt.

THE TRADING STAMP

WHY WE HAVE NEVER USED THEM

We are frequently asked, "Why do you not give Trading Stamps?" We take this method of informing the public on this point.

The great fundamental reason is that we are fully persuaded their use is a positive hindrance to the highest degree of efficiency in service to our patrons. We believe the Trading Stamp as operated today is a Humbug and a Fraud, because of its false pretense of being of Value to the merchant and his customer. We say it is of value to neither of these parties, and can be of value only to Stamp Companies issuing them, and therefore is wrong and must be abolished.

We believe, when you figure the entire cost of waste of time and other incidental expenses, the rate per cent of cost is prohibitive to the merchant, unless used to obtain an increased rate of profit on his sales.

We believe the customer, the collector of these stamps, who stops to ponder on the time used to gather them, and the meager return in value for this time, will conclude as we do, that his or her share of the family gross receipts can not be earned by using their time where the pay is so slight.

PAIGE

"The Standard of Value and Quality"

Why the Paige is Supreme

THE Paige Fairfield "Six-46" has everywhere proven the most popular six-cylinder motor car—of any price—on the market this season.

Many elements enter into that! The beauty, power, comfort, unequalled quality, riding-luxury and supreme value are obvious reasons. There is another reason, that is the public knowledge that the Paige "Six-46" means real economy. If you have seen the new Paige Six "46", you can readily understand why the item of Depreciation on this car is bound to be a small one. This car is one year ahead of the field. It is not an old model "dolled" up with a fictitious 1915 label and a fictitious price. It is refreshingly new in lines, design and equipment. It belongs to no "school" for it is rapidly establishing a school of its own—the School of 1916.

The Paige Glenwood "Four-36" has this season easily retained its supremacy—for value and service—among the medium-priced four-cylinder cars.

Whether buying a "Six" or a "Four", the Paige Purchaser is satisfied that he is buying the Supreme Value. There are five Cardinal Reasons for Paige Supremacy. They are:

FIRST—Paige Design. It is the popular comment everywhere that the Paige "Six" is the most distinctive looking car as well as the most beautiful car produced this year. Its lines are an adaptation of the best European designs. It looks distinguished, aristocratic, "smart" and powerful. The Paige Glenwood has the same individuality. No matter where you see a Paige Car—bowling down the road or parked on the curb—you recognize Paige Character instantly.

SECOND—Paige Comfort. The Paige "Six" has a wheel base of 124 inches. It accommodates seven passengers luxuriously in its ample seats of soft leather upholstery. Its cantilever spring suspension gives it that marvel of easy riding over all kinds of roads. It is equipped with the Gray & Davis electric lighting and starting systems which means the fullest realization of luxurious motoring. It has the modish one-man top. The Glenwood "Four-36" seats its five passengers in comfort. It is also distinguished for its easy riding. It also has the Gray & Davis equipment. It is in every way to the "Fours" what the Fairfield is to the "Sixes"—Supreme.

THIRD—Paige Power. We believe that the Paige-Continental motor (3½x5¼) of the Paige "Six" is for this car the most ideally powerful and most flexible motor in the world. The Rayfield carburetor adds the highest factor of ease of control and reliability. But Paige "Six" or Paige "Four", when you sit behind the wheel you sense the tremendous power

that flattens out hills and sweeps you buoyantly over any road conditions. Paige Cars are equipped, too, with the Bosch magneto—the world's standard ignition—the multiple disc cork-insert clutch.

FOURTH—Paige Economy. [Whether it be a Paige "Six" or Paige "Four," you KNOW that the soundness of Paige Design and the Excellence of Paige Materials and Paige Workmanship mean Economy to YOU. That is Economy in Operation—which is gasoline and oil—and Economy in Maintenance—which means small repair bills and continuous, year-round Paige Service. A Paige Car is always and everywhere an asset.

FIFTH—Paige Value. Our answer to that is a question—two questions: Do you know of any six-cylinder, seven-passenger car offering any such high-grade features as detailed above that you can buy for a price within \$200, yes, or \$300, of the price of the Paige "Six"?

That price is \$1395

Again, do you know of any four-cylinder, five-passenger car offering such high-grade features as detailed above that you can buy for a price within \$200, yes, or \$300, of the price of the Paige "Four"?

That price is \$1075

See these Paige Cars. Make your own comparisons. If you do that, we know what your selection must be. You will say—as the whole country is saying—"I think I'll buy a Paige."

It's Underwear This Time

—Says Mr. Wise

Thought better mention this subject early before you purchased some elsewhere and found out about our "VASSAR" Underwear later—we know you would be sorry.

Here's the reason—

While "Vassar" Union Suits are being knit (each suit separately, remember), the cuffs and anklets are automatically knit on, without a seam. In most suits, you know, these cuffs and anklets are sewed on—and there is bound to be a seam, however well they are sewed.

Here then, we have a garment that is fashioned to shape in the knitting—has selvage edges throughout, and has cuffs and anklets knit and not sewed on.

But there's still another and most important distinguishing feature of Vassar Union Suits in the Swiss Rib fabric. This form of knitting gives the highest possible degree of elasticity—the kind that "comes back" as well as stretches out. This fabric in connection with the shaping in the knitting is largely responsible for the perfect fitting of Vassar suits.

As the machine on which these suits are made are controlled exclusively by the Vassar Company, it is impossible to find a combination of these features in any other line.

It is hardly necessary to state here that only the best materials are used.

\$1.00 to \$3.00 per Suit

It's a look and a buy—let us tell you of the satisfied users in this city.

A Working Man's Answer.

A working man, answering President Wilson's political speech made in Indianapolis in January in a communication to an Indianapolis newspaper, writes:

"If the past or present business inactivity, resulting in thousands upon thousands of wage earners being idle, teaches a lesson it will certainly make clear the fact that with the coming of the Republican party into control of national affairs, good business activity comes also.

How any wage earner can not see this, after passing through these Democratic dull times, is a mystery to the writer. If the election of 1916 is not a landslide for the Republicans, the handwriting on the wall won't mean anything.

Who of us does not remember what we experienced during the Cleveland administration? Thousands of us mechanics out of work. Many idle mechanics who were not accustomed to laboring with pick and shovel marched down to Garfield park in the early morning to earn a few dollars working for the city, on the dam for the present artificial lake there. Soup houses were established about the city to feed worthy hungry. If the Democratic wage earner will be fair to his best interest, by being convinced that a Republican form of government is the best friend any wage earner can have, he will assert his political rights as an independent voter hereafter, and thereby have a right to enjoy the good times coming when us Republican workingmen again get a chance with the ballot."

EASY TO DARKEN YOUR GRAY HAIR

Try this! Mix Sage Tea and Sulphur and brush it through your hair, taking one strand at a time.

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. For 50 cents you can buy at any drug store the ready-to-use tonic called "Wyeth's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant. You will also discover dandruff is gone and hair has stopped falling.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur and look years younger.

CHICAGO HOLDS CITY ELECTION

Marks Passing from Public Life of
**Carter H. Harrison, Who Has
 Served Five Terms**

HALF MILLION VOTES CAST

Vote of Women is Expected to be Big
 Factor in Determining Successful Candidate

(By United Press.)

Chicago, Apr. 6.—Today's municipal election marks the passing from public life, probably forever, of Carter H. Harrison, mayor of Chicago, Son of Carter H. Harrison the first, who was assassinated while serving as World's Fair Mayor of Chicago, in 1893, Harrison II equaled his father's record of 5 terms and actually served two more years than his father, as his last term was for four years, while his father's five terms and his own first four were of two years each.

Harrison lost the Democratic nomination to Robt. M. Sweitzer in a fight that was complicated by many issues, several due to the feeling engendered by the World War. Primarily, however, Harrison lost because the strap-hangers blamed him for the miserable transportation facilities in Chicago. During his term just closed there was continual agitation for a subway or some practical solution of the situation which has marked Chicago as the slowest of all cities to arrange for the transportation of its workers. Harrison protested that the big merchantile interests allied with existing transportation corporations had rendered him helpless, but he was nevertheless made a victim.

Carter H. Harrison, was an "easy boss." Handsome, priding himself on ancestry and family, being mayor was a distinction. Few men ever questioned his personal or business honesty; none successfully. His liquor policy was liberal in accordance with what he believed the people wanted, during his rule and those of Dunne and Busse the city grew bigger, more prosperous, many streets were unlighted; more unswept. Police graft flourished. The city was overrun with crooks. Murders and other crimes against person and property increased alarmingly. The second city was experiencing growing pains and its revenue for police, light cleaning, etc., was not at all commensurate with the wonderful growth. It had outgrown short pants but didn't have the money to buy long ones and lacked capacity to save or earn it. The growth of the city parks and boulevard system was a bright and notable exception.

Sweitzer, now county clerk, the Democratic nominee, is opposed by Wm. Hale Thompson, Republican, clubman, sportsman and reputed millionaire real estate owner. The race today is between the two. The third candidate is Seymour Stedman, Socialist, lawyer, former member of the legislature. He is not given even an outside chance. Former congressman Thompson nominated as candidate of the Progressives, declined to make the race.

Both Sweitzer and Thompson are regarded as extremely liberal in so far as the liquor is concerned and the campaign has been marked by frequent forecasts of an open city, no matter who wins.

A notable feature of today's mayoralty election is that it marks the first mayoralty election in a great city when women will vote and probably cast the decisive ballot. It is figured that nearly half a million votes will be cast and that the winner must receive nearly a quarter of a million ballots. The usual city and aldermanic tickets are also voted on.

As soon as the winner is seated, Carter Harrison is expected to visit the Pacific coast with his family. His wife, who was Edith Ogden, is a noted writer and a woman of beauty and charm who has long desired her husband's retirement from politics. In case of continued national Democratic success, it is believed that Harrison will be appointed to some diplomatic post of note, where he can round out his political career

with out again appealing to the voters. Harrison is 55.

REPUBLICANS BUSY ALL OVER INDIANA

United States Senator Warren G. Harding of Ohio will be the principal speaker at a rally and love feast of Second district Republicans at Vincennes on the evening of April 21. Will H. Hays, Republican State Chairman, will preside at this meeting.

□ □

United States Senator William Alden Smith of Michigan has accepted an invitation to deliver the principal speech at a Republican demonstration to be held at Anderson sometime during the week of April 26.

□ □

"The Progressive News" of Rockport has been discontinued and its editor, C. E. Abshire, is moving the plant to Owensboro, Ky., where he will begin publication of a Republican newspaper.

□ □

The Vigo County Republican Club has secured the largest hall in Terre Haute in which to give a public oyster supper Friday night, April 9. The committee in charge of the affair is preparing to entertain 2,000 people.

□ □

The Republicans of Wabash county are planning to hold a banquet at Wabash at an early date.

□ □

A Republican club is being organized in Laporte county with headquarters at Laporte. The incorporators of the club are William E. Ely, E. T. Hogan, W. W. Tallant, A. J. Link and John B. Dilworth. Permanent club rooms will be maintained.

□ □

Committees are busy with plans for a Republican banquet to be held at Huntington about May 1.—George M. Eberhardt, Republican county chairman, says that this year's demonstration will be even greater than that of last year and that was a "hummer."

□ □

Republican county or district meetings have been held in about half of the counties of Indiana since the last election and in practically every instance a vigorous Republican club has been one of the positive results.

□ □

The Thirteenth district Republican committee will meet at Plymouth at 1 p. m. April 10 for purpose of selecting a successor to the late Perry Smith, district chairman. The eight Republican county chairmen of the district will have votes in this meeting. It is expected that this session will attract to Plymouth a large number of Republican workers from every section of the district.

ALL DEFENDANTS FOUND GUILTY

Continued from Page 1.

showing of the defense. He was openly accused of having sacrificed his former confederates to provide his own defense, and his attorney, A. O. Stanley, was reprimanded by the court for devoting his attentions to Roberts and neglecting other of his clients who "were to be presumed innocent until proved guilty."

The trial was full of sensations. It was dramatically staged. At the time when readers became tired of stories of election corruption, the government brought out that Thomas Taggart, democratic national committee and party leader in Indiana had in effect provided the \$10,000 bond on which Roberts was released when indicted. Judge A. B. Anderson himself conducted the examination that disclosed this fact.

Nor was Thomas Taggart the only Democratic leader involved. Crawford Fairbanks, the millionaire brewer of Terre Haute, reputed the wealthiest man in Indiana and recognized as co-leader with Mr. Taggart, was pointed out as having contributed \$1,500 to the election fund.

The Taggart incident was the outcome of an alleged attempt on the part of Mayor Roberts, City Thomas Smith, Sheriff Dennis Shea, Alexander Steel, all defendants, the conspire to corrupt government witnesses. They were jailed on the court's order, and then on the suggestion of Mr. Dailey the court ordered that the bonding companies appear and make known those who had indemnified the bonds.

The government Roberts organization were arrested on affidavits filed before U. S. Commissioner Moores here.

The indictment was returned December 23, and the arrests of Mayor Roberts and the other "higher-ups" came as a Christmas gift the night of December 25.

Story of How King Swung Victory Is Told Now For The First Time

(U. P. Staff Correspondent.)

Nish, Serbia, March 9th, (By Mail to New York)—The one man, who more than anyone else, deserves all the credit for the great Serbian victory over the Austrians last December, is King Peter himself.

King Peter is more than seventy years of age. He is so crippled with rheumatism contracted from sleeping on the rainy battlefields of the last two Balkan wars that he can scarcely walk. Yet he entered the first line trenches in that desperate fighting to preserve his little kingdom and so inspired his army that the Austrians fled from Serbian soil, leaving behind 30,000 in killed and wounded and 40,000 prisoners.

The story was told me today by Dr. Wukitchewitch, the king's private physician, he is probably the only man in Serbia who witnessed the entire drama.

"Towards the end of November," said Dr. Wukitchewitch, "I was with his majesty in the southern part of Serbia at the Baths of Vrania, where he was undergoing treatment. The news came to us of the Serbian retreat from the plains of the Yadar. And from the Kolubars. You can imagine the sadness of it all. The Austrians were within ten leagues of our great arsenal and ammunition factory at Kragouievatz, and the occupation of Belgrade seemed certain. The enemy flattered himself that he would finish our little kingdom at one single blow.

"His majesty became taciturn and depressed. But on the night of Nov. 29 he came to dinner radiant and happy.

"I have ordered a train for 6 tomorrow morning," he said to me, "I am going to the front with my soldiers. We will defeat them or die together."

"I was astonished. I protested that his state of health would not permit him to go, but at 6 in the morning we were on our way. At Nish, M. Patchitch, the prime minister, appeared. He brought the government's protest. It would be folly, he said, for the king to continue. But his majesty only smiled, a bit grimly, and signaled for the train to continue.

"At the last railway station, an automobile met us from Roundnik and the king was carried by two soldiers on a litter. He appeared to gain strength at every yard and when finally the soldiers brought him to the second line trenches, he was half smiling, half crying, with joy. He descended from the litter, seized the flag and kissed it devoutly. Soldiers came running from all sides.

"Men, it seems that you are tired," said his majesty. "The Austrians have invited you not to fight

any more, to return to your wives and families. You are free to do what you will, but for me, I shall cling to this flag. I shall fight to the last with those who choose to remain with me."

"There was a moment of impressive silence. Then the mayor of a nearby village, the highest ranking officer of the reserves present, stepped forward.

"Gospodarou' (sire) he said, 'We are with you to the end. Every man here will die before he yields.'

"That night we slept in a nearby village. The next morning we rejoined the army of Kosmay. They escorted us to a village where the first line trenches rested and Austrian shells were falling all about us.

"It was impossible to restrain his majesty. He dropped his cane and hobbled into the firing line. He picked up the rifle of a dead soldier and began firing. Only when the troops, inspired by the presence of their aged king, leaped out of the trenches with a roar of cheers and began driving the enemy before them in a bayonet charge, did he desist.

"The next day his majesty appeared thoroughly rejuvenated. He walked without his cane and acted like a boy of ten. We kept pace with the Serbians who were advancing rapidly in full pursuit of the Austrians.

At Torlak, just in front of Belgrade, King Peter stood on a little elevation and saw the Austrians as they evacuated the capital, watched while Serbian troops re-entered the city and saw Serbian artillery destroy the bridge across the Save, over which the Austrian rear guard was trying to get out of Serbian territory.

"Austrian shells were still bursting in Belgrade when the king re-entered his capital and he found the cathedral, towards which he first directed his steps, securely locked. A small boy recognized the king, threw a stone through the window, crawled in and unbolted the door. A priest was found and his majesty was ordered a Te Deum.

"It was a strange Te Deum which was celebrated there in the cathedral, with the guns still booming, now at a distance. The people crowded in to kiss the king's mantle, rather than listen to the service. A little later an automobile dashed up with the two princes. They carried their father away in their arms and the service ended in a delirium of joy. King Peter saved the kingdom from being overrun by the Austrians. Discouraged and exhausted, the little Serbian army was slowly retreating. It was their first terrible attack under the stimulus of his presence that started the Austrian retreat."

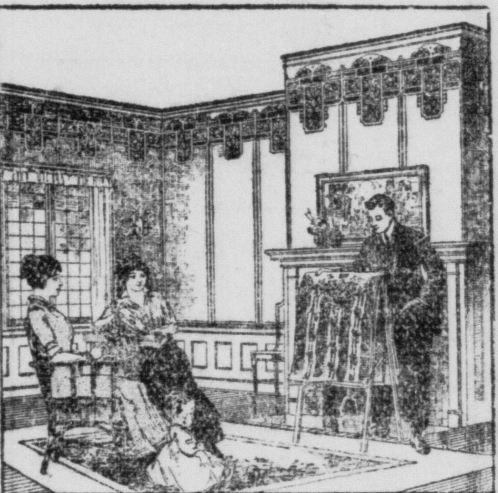

YOUR HAIR NEEDS PARISIAN SAGE

If your hair is full of dandruff, thin, streaky, dull and never will do up to look pretty, you can almost immediately remove the cause making it beautiful, thick and fluffy by the use of Parisian Sage, one of the most helpful and invigorating hair and scalp tonics known.

Parisian Sage not only saves your hair but furnishes the nourishment needed to make it grow long, abundant, and radiant with life. Just one application removes every trace of dandruff and stops scalp itch—your hair becomes soft and fluffy with an incomparable gloss, beauty and charm.

You cannot be disappointed with this harmless and delicately perfumed tonic, and it costs but a trifle at F. B. Johnson's Drug Store.

CORRECTS ERRORS IN COURT RECORD

Judge Blair of Shelbyville Here Today Going Over Vandenberg Case.

RULINGS BY JUDGE SPARKS

Judge Blair of the Shelby circuit court was here for a short time today occupying the bench in the local circuit court and going over the record with the attorneys interested in the receivership suit of Moses Vandenberg. The record in one or two instances was not correct and the mistakes were corrected. Judge Blair was the judge in this case which was decided about a year ago.

Judge Sparks found for the plaintiff in the sum of \$75 and costs in the suit of George Lee against William Emsweller. The suit was on an account and the demand was \$150.

In the suit of Eric C. Morgan, administrator of the estate of Elijah Applegate, deceased, against Thos. M. Cox, et al., to foreclose a mortgage demanding \$1,255, the court found for the plaintiff in the sum of \$918.87, including \$50 attorney fees.

Rheumatism In Ankles

One bottle of Rheuma Relieved Woman Who Could Not Walk

Marvelous as this story may seem, it is absolutely true; but this is only one of the many almost magical cures that Rheuma is performing these days. Use of one bottle will convince any sufferer.

Mrs. Gertrude Kozel, Smithfield, Pa., writes: "I had rheumatism for over a year; it settled in my ankles and I could not walk. I have taken one bottle of Rheuma and do not have any more pain, and I can again walk at will."

F. B. Johnson and all druggists sell Rheuma for 50 cents. It is guaranteed to cure any case of any kind of rheumatism or money back.

Gratifying relief comes in a day, because Rheuma acts at one time on the kidneys, stomach, liver and blood and starts to rid the entire system of poisonous uric acid at once. (Advertisement.)

QUITE GENTLE ARE ANARCHISTS

Emma Goldman and Other Prominent

"Reds" Have Taken to Drinking
Tea in New York

IS HARD ON IMAGINATION

Belgium Relief Committee Receives

Many Expressions of Thanks
for Help During War

BY CARLTON TEN EYCK
(Written for United Press.)

New York, Apr. 6.—At last—discovered! New York's anarchists are tea-drinkers!

It's mighty hard on the imagination, but truth must out some time. Not only Alexander Berkman, but Emma Goldman and other prominent "reds" of the modern Babylon have been shown up in their true colors, solong fighters—everyone!

Here of late, the Nick Carter school of "penny dreadful" writers have been brought down to the cold, hard macadam of reality. No longer can they picture "Iren Ivan, the Nihilist Scourge" as a bushy-bearded man with a bomb-assestment up his coattails. Ivan is hitting the colong along with the rest.

It now appears that anarchy is getting quite genteel. The so-called "school of anarchy" in the Ferrer Anarchist Center at 63 East 107th street includes not only readin', writin' and 'rithmetie in the curriculum, but also a course in Maxim Gorky, Zola and Turgenev.

"Sweat, sweat, sweat,
From morn to dewy eve."

The pursuit of a vanishing figure is growing swifter for New York's daughters of Eve its leading right through the Turkish bath establishments of Gotham. It's a rigorous task—this steaming back the sylph-like form—but the figure must be regained and one of the most popular forms of accomplishment is to leave two or three pounds every day in the hot-room of a Turkish bath establishment.

There's one great drawback to the treatment however. The steaming process takes away the figure but it gives back an awful appetite. In turn the appetite gives back the averdu-pois and so the merry, merry chase of the perfect figure continues.

More than 200 communications from people of Belgium expressing their thanks to the United States for its help in their extremity, has been received at the office of the Belgium Relief Committee, here, but the real interest in the communications centers about the wonderful artistic work shown by the Belgians in the preparation of these letters. Many of them are written on wonderful old paper and hand-illuminated. The work of illumining the communications calls for the highest degree of artistic skill and already, the letters have attracted considerable attention from New York art lovers.

A Medicine of Merit.

A proprietary medicine, like everything else that comes before the public has to prove its merits. The law of the survival of the fittest applies in this field as in others. The reason for the tremendous success of Lydia E. Pinkham's Vegetable Compound is because it has been fulfilling a real human need for forty years, so that today thousands of American women owe their health and happiness to the marvelous power of this famous medicine, made from roots and herbs—nature's remedy for woman's ills. IF BACK HURTS BEGIN ON SALTS

Flush the Kidneys at once when Back-
achy or Bladder bothers—Meat
forms uric acid.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act. This famous salts is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

Editor of the Republican,
Rushville, Ind.,

My Dear Sir—

As it is impossible to write to all of my friends my pleasant and wonderful experiences on my trip South with my beloved friend, the Rev. Dr. Lennard W. Snyder of Philadelphia, Pa., known as the Boy's Minister throughout the United States, I kindly ask the Editor of my home papers to publish a general letter.

Leaving Rushville on Friday March 12th, we arrived in the evening at Lexington, Ky. where we were met by two Kentucky boys, friends of Dr. Snyder, who accompanied us to Chattanooga, Tenn., and remained our guests during our stay.

Reaching Chattanooga on Sunday March 14th, we were met by three local boys, also great friends of Dr. Snyder for many years. After breakfast we proceeded for a visit to Lookout Mountain.

It was a beautiful day, indeed, sunny, bright and clear and after ascending "Lookout" leaving the city, country and river below us, we visited many places of historic in-

terest and had an opportunity to look into seven states, viz: Kentucky Virginia, North and South Carolina, Alabama, Mississippi and Georgia.

I shall never forget that great sight where the "Battle above the clouds" was fought by the men of the 60's and the occasion when I sat in Gen. Grant's chair and wrote postals on Gen. Thomas' table.

In the afternoon a big chicken dinner was prepared for our party by friends of the Chattanooga boys, and in the evening we made headquarters at Signal Mountain Inn, located on the summit of Signal Mountain.

This hotel is very beautiful and is a wonderful spot for rest and recreation. Any one visiting Chattanooga ought to make his headquarters at Signal Mountain Inn where home comforts and leisure can be enjoyed and every possible attention is given.

We remained at Chattanooga until Friday, March 19th.

During that time we visited many places of historic interest such as Chickamauga Park Missionary Ridge and Bragg's Tower. On Friday afternoon, March 19th, we visited the little town of St. Elmo, situated on the foot of Lookout Mountain where Dr. Snyder delivered an address to the school children.

Chattanooga is a city of 100,000, situated on the banks of the beautiful Tennessee River, and is termed the Scenic City. I like Chattanooga very much, and hope to visit that city again some time. In the evening the Mt. Sterling boys left for home, and Dr. Snyder and myself left for Atlanta, Ga., where we arrived on Saturday March 20th. Atlanta is also a beautiful and busy city, with a population of nearly 200,000 and is known as the "Gateway to the south." We only remained here one day, leaving for Jacksonville, Fla., where we arrived on Sunday last, March 21st. It proved very damp and chilly in Jacksonville, so we left there sooner than expected, and arrived on Wednesday, March 24th at Tampa, Fla., where we made headquarters for several days, taking trips on Tampa Bay, to St. Petersburg, Port Tampa, Pass a grill, and other towns along the Bay.

The city of Tampa has a population of about 70,000 people, about half of which are Cubans and Italians. The town of St. Petersburg is the greatest tourist town on the West Coast of Florida, and has like Tampa, beautiful surroundings. But the little town of Pass a grill bordered between the extreme West arm of Tampa Bay on one side, and the Gulf of Mexico on the other and decorated with nature's palms and flowers, I enjoyed the most of all. There took my first swim in the Gulf Gulf of Mexico. Unfortunately, the climatic conditions have not been very favorable this winter in Florida, as the entire winter season has been cold and damp.

Business conditions in the South are very bad everywhere, and tourist season has been far from good. But speaking for myself, I have enjoyed my stay in Florida. In fact, I have enjoyed every minute of my trip. At present I am on my homeward journey, stopping at present at Birmingham, Ala., another busy city of nearly 180,000 population. I will stop at several other places on the way home. This trip has not only been helpful to me physically, but also educationally. I have learned many lessons from the Book of Life. I enjoyed being with Dr. Snyder, as he knows how to travel and to make it interesting to a boy. Any one who can sojourn with him is a lucky boy.

Let me add, I cannot blame any one who can enjoy summer in winter and to speed for Southern clime where sunshine, flowers, trees and birds inspire the visitor, and where we can dwell with nature, the dear old nurse among the palm trees, orange groves and pines and delight in the great out-doors, which God has made.

We expect to return to Rushville, Sunday April 10th.

On Monday, April 12th, I expect to be with my class.

Thanking the Editor for his kindness, and with best wishes to all my friends,

From yours very respectfully and faithfully, LAWRENCE PAYNE.

FRANCE TO SEIZE GERMAN HOTELS

Plan to Convert Property Along Riviera Into Hospitals to Better Care for Wounded

CLIMATE ONE BIG FACTOR

Work is Started Rebuilding Towns and Villages Destroyed at Start of War

(U. P. Staff Correspondent.)

Paris, Mar. 23.—(By Mail to New York)—German and Austrian owned hotels, villas and private residences of all kinds on the famous French riviera are to be used as hospitals for the French soldiers whom the former are wounding if Deputy Georges Bousenot can have his way. He has written to the Minister of the Interior demanding that all such properties be taken over by the government and equipped at once as military hospitals. The delightful winter climate of the riviera, it is pointed out, would be a most important factor in the convalescence of the wounded. As a goodly portion of the hotel industry on the riviera is in the hands of German concerns it is estimated that the seizure of the hotels alone would afford all of the hospitals accommodations that could possibly be needed.

France has just begun its first step towards the rebuilding on the most modern lines of the hundreds of French towns and villages destroyed in the present war. As many of these were centuries old, even their historic interest and importance could not always offset the disadvantage of unsanitary location and construction resulting from the more or less primitive times in which they were built. A commission composed of M. Brissac, director of public hygiene, Drs. Julien Rensult, Pottevin, and Labbe, technical sanitary experts; M. Martel the famous geologist, and M. Pelissier, one of the greatest modern authorities on agricultural improvement has just been appointed to inspect the provinces invaded by the Germans for the purpose of preparing sites and plans for the reconstruction of the towns and villages under modern sanitary requirements. Similar commissions of experts for passing upon other essential elements in the rebuilding of the towns will be appointed later as the work is carried on step by step.

DISAPPROVES PARTY'S ACT.

Norwich, Eng., April 6.—The independent labor party in convention here today adopted a resolution expressing strong disapproval of the party in recruiting campaigns. The resolution also disapproved the action of labor members of parliament in taking the platform in such campaigns.

COCOANUT OIL MAKES A SPLENDID SHAMPOO

If you want to keep your hair in good condition, the less soap you use the better.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain mulified coconut oil (which is pure and entirely greaseless), is much better than soap or anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get mulified coconut oil at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.

CASE WILL OPEN NEXT THURSDAY

Three Federal Judges Will Hear Suit to Test Validity of Trading Stamp Act.

STEVENS IS A DEFENDANT

Merchants Here Who Give Stamps Are Anxious to Have Constitutionality Settled.

Three federal judges have been selected and have declared their intentions of sitting in the United States district court for Indiana in Indianapolis day after tomorrow, Thursday, April 8, to hear the suit brought by the Home Merchants Trading association to have the federal court pass on the validity of the trading stamp law enacted by the last legislature.

There is special interest in the suit here because on the decision depends to a large extent whether

the trading stamp companies doing business in Rushville shall continue. Because the Home Merchants association recently started here, Albert Stevens, prosecutor of Rush county, was made a defendant in the case together with four other Indiana prosecutors.

Merchants here who are giving trading stamps not only in the Home Merchants but in others are anxious to see the law put to a test. They have contended from the first that the law is not constitutional.

The judges who will sit in the case are Christian C. Kohlsaat, of Chicago, judge of the United States circuit court of appeals; Ferdinand A. Geiger, judge of the United States court for the eastern district of Wisconsin at Milwaukee, and A. B. Anderson, judge of the district of Indiana.

Noble C. Butler, clerk of the United States district court, yesterday said he had received word from the two federal judges outside of the district that they would be able to be in Indianapolis on that date. The federal code provides that three judges, one of whom must be a judge of the supreme or circuit court of appeals, must sit as one tribunal when a suit is directed against an officer of any state and the validity of any state statute is questioned.

The suit brought by the trading stamp company makes five prosecutors of Indiana counties defendants. The company asks that an injunction be given by the federal court preventing the prosecutors from enforcing the law.

The suit attacks the constitutionality of the law on the grounds that it is discriminatory, that the license fee provided for under the law is confiscatory and that the law would deprive the company of its property without due process of law, contrary to the Constitution of the United States.

QUAKER TOWN IN HIGH GLEE BECAUSE IT IS IMMUNE FROM ROLLERITIS

Rushville Less Sedate and Tranquil, Afflicted With Mania That is no Respector of Age.

CRAZE GETS INTO THE BLOOD

Richmond, sedate and tranquil, is slapping itself on its own back in high glee, because it, demure Quaker town that it is, still remains immune to the ravages of the roller skating craze. In reporting its own happy and highminded state, the Richmond Palladium affirms that many cities in this part of Indiana are afflicted with rolleritis, mentioning Connersville in the list.

The Palladium further says that the mania has spread in the towns of western Ohio, notably Dayton, where so many persons of all ages are skating that it is almost unsafe for persons to walk on the sidewalks.

If this be the case, Rushville, it would seem, is entirely "in the swim." Roller skating is quite the thing in Rushville. It appears to get into the blood like the warm rays of a spring sun. It penetrates the vitals and gets humanity to such a state that humanity is on a skate a goodly part of the time.

Close observers here have noted that this thing they call the roller skating craze is no respecter of age or occupation. The old folks as well as the young have been known to sneak out in the night-time when good people were asleep and do a

few spectacular "turns" on the hard cement.

The school kids, of course, were the first to take up with the thing this spring. They have been skating to and from school. Their chief delight is puffing up the Main or Perkins street hill and the coasting down. At first the older "young folks" looked on, wishing they were school kids again. But they were not onlookers for long. They began skating at nights. And now, it is not an uncommon thing to attend a "skating party." The choice blocks for this sport are those where they are no alleys—a smooth, continuous skate, you know without interruption, for a whole block.

Now the newsboys are skating. They skate around their route, making almost as good time as on bicycle. It's quite impossible to tell where the craze will strike next.

The Richmond Palladium wonders how long "Richmond can maintain its poise and walk sedately to and from work and social functions, while neighboring cities are whirling about on rollers. "The Palladium concludes it is going to be a severe ordeal as the mania is drawing nearer.

Connersville seems to be the latest city to report an epidemic of rolleritis. Everybody is skating there. The rapid spread of the fever has caused the police chief to issue warnings to both parents and children that they must keep out of the street, and that they must skate always on the right side of the walks to avoid collisions.

PETITION FILED TO VACATE ROAD

Commissioners Appoint Viewers to Consider Request of Mary E. Gosnell and Report.

POOR FARM SUPPLIES LET

The commissioners at the regular monthly meeting yesterday awarded contracts for poor farm supplies as follows: Weeks Fresh Meat and Provision company meats; Knecht Clothing company, clothing; B. A. Black and company, groceries; E. R. Casady, dry goods; Ben A. Cox, shoes.

A petition was filed by Mary E. Gosnell, et al., to vacate and change a road in Orange township. Jacob Clifton, Joe Carson and Cliff Winship were appointed viewers. The road is near the old Henley camp.

John Spencer and Thomas Ertle were the viewers appointed for the William Harton road. The report of the old viewers was divided and it was necessary to appoint a new set of viewers.

BURNS FATAL TO CHILD

One-Year-Old Daughter of Ezra Carmony of Manilla Dies.

Verna LaVonne Carmony, the one-year old daughter of Mr. and Mrs. Ezra Carmony, of near Manilla, died yesterday from the effects of burns received last week. In some manner the child fell against a stove and sustained horrible burns. Her death was expected. Besides her parents, she is survived by her grandmother, Mrs. Catherine Hertsell, and grandfather, Thomas F. Carmony. The funeral services were held this afternoon at one o'clock at the Carmony home and burial took place in the Forest Hill cemetery.

NO CHANCE FOR A SEVEN.

Simon Beard, colored, who was yesterday fined \$100 and sentenced to 30 days in jail for assault and battery on his wife, has evidently been playing a sure thing in a dice game. When searched at the jail three sets of dice were found on him and of the three only, one set was good. The crooked dice did not have a seven or any combination that would make seven, but did contain many fives. One dice alone had three fives and by placing the dice in sets it was possible to make ten in about six different ways. The dice were all alike and the crooked one could easily be run in a game.

ALL DEFENDANTS FOUND GUILTY

Mayor Donn M. Roberts, 26 Other
Machine Workers in Terre Haute
Held Responsible.

FOR ELECTION CORRUPTION

Defendants in Trial Just Closed and
89 Pleading Guilty Will be Sen-
tenced April 12.

ARE ALLOWED TO GO HOME

Believed Sentences to Leavenworth
Awaits 27 Found Guilty by
Jury Today.

(By United Press.)
Indianapolis, Ind., April 6.—May-
or Donn M. Roberts of Terre Haute
and the 26 co-defendants in the
Terre Haute election conspiracy
trial were today found guilty by the
jury in the United States district
court here. The charge was that
they had conspired to corrupt the
election of November 3, 1914.
Judge A. B. Anderson instructed
the 27 men found guilty today, as
well as the 89 who pleaded guilty, to
go to their homes and to return to
court April 12 at ten o'clock when
sentences will be pronounced.
The verdict was returned a few
minutes after ten o'clock this fore-
noon.
It is considered probable that
some of the 27 found guilty will ap-
peal.

With this verdict the government
succeeded in its first attempt to
safeguard the direct election of Uni-
ted States senators by prosecuting
successfully the men who corrupted
a city and county election. It was
the first time the federal penal code
had been enforced in elections. The
application was made and the in-
dictments drawn by District Attor-
ney Frank C. Dailey, who conducted
the investigation and the trial prac-
tically unaided. Mr. Dailey is a Dem-
ocrat as are the defendants who
composed the Democratic machine of
Terre Haute and Vigo county.

It was believed that sentences to
Leavenworth awaits the 27 men
found guilty, but Mr. Dailey said he
was disposed to recommend leniency
for the 89 men who pleaded guilty
and aided the government during the
trial.

The trial closed today was the
first attempt of the government to
safeguard the direct election of
United States senators by making
examples of "gangsters" who had
debauched the ballot in a city elec-
tion in the United States subject to
review by the federal government
and provides the most powerful
weapon yet found to protect the bal-
lot.

The government chose well when it
picked Terre Haute as the first city
to undergo the investigation, for
conditions were found to exist

COST NEAR \$10,000.

(By United Press.)
Indianapolis, Ind., April 6.—
Early estimates place the cost
to the government of the Terre
Haute conspiracy trial ending
today at over \$10,000. Some of
the items can be safely esti-
mated at this time. Among them
are \$1,160 for the jury, \$300
for the venire, over \$5,000 for
witnesses and about \$3,000 for
expenses of the grand jury.
The expense of a special train
to Ft. Leavenworth is not inclu-
ded. These estimates were ob-
tained from Marshal Storen's
office.

there that made conviction compar-
atively easy and allowed slight
defense for the election-corruption
conspirators. The defense showed
signs of breaking up early in the
trial and before District Attorney
Frank C. Dailey had closed every
guard that had been thrown about
the Mayor Roberts organization was
broken down.

The defense tried to make a show-
ing, but under District Attorney
Dailey's questions, the defense wit-
nesses broke down and provided valuable
evidence for the government, most
damaging to the defense.

The hopelessness of the defense
was best pictured on the face of
Mayor Roberts. This man who, ac-
cording to Dailey, had been "The
Czar of Terre Haute" and the man
who conceived the whole conspir-
acy, was the picture of despair dur-
ing the closing days of the trial.
When the trial opened he had a smile
and a handshake for his friends and
defiance for his enemies. The smile
faded and he became nervous. When
the arguments began he could not
remain in the court room, but walked
the long corridors of the federal
building on the arm of Mrs. Roberts,
seldom glancing up from the floor,
and continually muttering to him-
self.

Roberts knew that the other
twenty-seven defendants blamed him
for their plight and for the poor

SHERIFF NOT HIT BY FORM LETTER

Never Claimed "in" and "Out" Fees
So State Board of Account Rul-
ing Has no Effect.

COMMISSIONERS GET ONE TOO

Former Sheriff Behout Took Fees,
and According to New Construc-
tion, Has Right to Them.

The sheriff of Rush county is not
hit by a form letter sent out by the
state board of accounts regarding
the collection of "in" and "out" fees.
Sheriff Cavitt has never claimed
these fees as it was his understand-
ing that he was not entitled to them.
The letter states that the sheriffs are
not entitled to the fees after March
10, 1913.

These fees are 25 cents for plac-
ing a prisoner in jail and 25 cents
for releasing him. The letter receiv-
ed here calls attention to the fact
that there have been numerous con-
flicts in the law and that the sheriffs
have not known when to collect these
fees and when not to collect them.
According to the state board of ac-
counts, the sheriffs have a right to
collect these fees from April 10,
1909, to March 10, 1913. The letter
says that fees collected previous or
subsequent to these dates are ille-
gal.

Sheriff Cavitt has never put in a
claim for the "in" and "out" fees as
it has always been his opinion that
he was not entitled to them. He
stated today that if he should find
that he is entitled to the fees he will
file his claim at the end of his term.
Former Sheriff Behout claimed the
"in" and "out" fees, filing his claim
at the end of his term as sheriff. At
the time he was advised that he prob-
ably would have to pay the money
back to the county, but under the lat-
est ruling of the state board it ap-
pears that he is safe.

According to the state board, the
fees are legal between these dates
given in the letter and these dates
cover the period which Mr. Behout
served as sheriff. The sheriffs in
many counties get more out of the
"in" and "out" fees than they do
from the salary connected with the
office.

In big counties like Marion these
fees amount to something worth
while in the course of two years. A
similar letter was received by the
county commissioners but they never
even as much as read it as the ques-
tion here was considered settled
since the sheriff does not claim the
fees.

FINANCES SHOW AN IMPROVEMENT

County Has More Money on Deposit
in Banks Than Month Ago When
Statement Was Made.

THE TOTAL IS NOW \$225,585.06

ways Much Larger at End of

The financial condition of the
county, from the standpoint of mon-
ey deposited in the various banks of
the county, shows an improvement
for the month ending April 1 over
the previous month. The financial
statement has just been made by
County Treasurer Williams to the
board of finance.

Rush county had a total of \$225-
585.06 on deposit in the various
banks and trust companies at the
close of business April 1. This
amount is \$14,907.95 more than the
previous month and it is stated that
with the payment of the spring in-
stallment of taxes this month the
sum will go far beyond this. The
amount the county has on deposit is
always larger at the end of both tax
paying periods than any other, and
it is at this time that the banks come
nearest getting the full amount of
money they are entitled to under the
law.

The interest the county received
from the various banks and trust
companies amounted to \$380.20. For
the month of February the interest
was \$227.78. The amount on de-
posit in the banks and trust compan-

G. O. P. WINS IN MICHIGAN

Returns Indicate State Ticket Elect-
ed by 30,000.

(By United Press.)
Detroit, Mich., April 6.—The en-
tire Republican State ticket for
minor offices was successful in yester-
day's election. Returns still very
incomplete today showed that the
vote, except in counties where local
option was an issue, was extremely
light, but that the Republican ticket
carried by probably 30,000 majority.
The Progressive vote was negligible.

TO INSPECT LODGE.

District Deputy Addie Winson of
Batesville will inspect Ivy temple of
the Pythian Sisters tomorrow night.
A full attendance is desired.

ANNUAL MEETING TONIGHT

Rushville Gun and Country Club Will
Elect Officers.

The annual meeting of the mem-
bers of the Rushville Gun and Coun-
try club will be held this evening at
seven-thirty o'clock in the directors
room of the Rushville National bank.
A full attendance of the members is
desired because it will be decided
whether the club shall continue. The
club house was considerably damag-
ed during the winter and the officials
want to know whether it is the de-
sire of the members that repairs be
made and the club continued. Offi-
cers will be elected for the year.

PITTSFORD ENTERS A PLEA OF GUILTY

Man Arrested in Indianapolis Yes-
terday Fined \$50 and Sentenced
to 30 Days.

OTHERS MAY BE IMPLICATED

Frank Pittsford arrested in Indi-
anapolis and brought here to face
the charge of the illegal sale of in-
toxicating liquor, unexpectedly en-
tered a plea of guilty before Judge
Sparks late yesterday afternoon and
was given the minimum fine of \$50
and thirty days in jail. Pittsford
immediately began serving the sen-
tence.

Pittsford was alleged to have sold
a quart of whiskey to Thomas Mc-
Cormick for \$1.25. McCormick stat-
ed that he gave Pittsford \$2 for the
quart and was "shortchanged" out
of seventy-five cents. This made
McCormick "sore" at Pittsford and
he told Mayor Behout and the pro-
secutor the story of the transaction.
It was intimated that Pittsford
would turn state's evidence and de-
velopments of a sensational charac-
ter are said to be on the way. Others
may be implicated on liquor charges.

JACK SUDDENLY CHANGES PLANS

Rumored Former Champion Will Try
to Evade U. S. Authorities
Who Seek Him.

FIGHT RECEIPTS FALL OFF

By Barry Faris

Havana, April 6.—Jack Johnson,
fallen heavyweight champion, sud-
denly changed his plans this after-
noon and made preparations for a
quick getaway to England leaving by
way of Jamaica tonight.

Rumors that the negro was about
to be arrested at the request of the
United States government and re-
turned to Chicago on white slave
charges were circulated here about
noon. They could not be definitely
confirmed. Before one Johnson's
valet was busy packing his belong-
ings and the negro announced that
he would take a night boat. He re-
fused to give any reason for his
quick change in plans.

Receipts from yesterday's big mill
fell short of expectations. Instead
of the \$100,000 gate receipts the
promoters announced, the receipts
have been, I am reliably informed,
barely \$50,000.

decorating the interior of his grocery

RECORDER DOES NOT GET THE FEE

Charles Brooks Receives Notice of
Ruling by State Board Con-
cerning Mortgage Exemption.

FORMERLY RETAINED FEE

In Some Instances Notaries Here
Double Sum Which Was For-
merly Charged by Them.

County recorder Charles Brooks
has received an important ruling by
G. H. Hendren, state examiner for
the state board of accounts. The
ruling deals with notary fees for fill-
ing out mortgage exemptions and is
the result of the suit brought by an
auditor against the state.

The court has held and the
ruling of the state board is that the
recorder, or his deputy must not
keep the fees collected by taking ac-
knowledgements or filling out mort-
gage exemptions. Under the old plan
the recorder or his deputy would fill
out the exemptions, which must be
filed with the auditor, and the fee
thus received would be theirs. Under
the ruling the county gets this fee
and as a result the recorder's office
has cut out dealing with exemptions.

Mr. Brooks stated that it was not
worth the trouble and extra work to
him or his deputy to make out the
mortgage exemptions and then turn
the money over to the county. It is
stated that notaries have raised the
fees this year for filling out the ex-
emptions to fifty cents, where in
many instances the fee has only been
twenty-five cents. The same ruling
on the recorder taking fees will ap-
ply to the auditor and all fees he col-
lects for work of this kind must go
to the county. The letter received by
Mr. Brooks is as follows:

"We are receiving many inquiries
regarding the ownership of fees re-
ceived by county recorders and their
deputies for filling out mortgage ex-
emption affidavits, taking acknowl-
edgements, etc. All such fees col-
lected by such officers or their deputies,
belong to the county and must be
paid into the county treasury.

"If the deputy qualifies as a no-
tary public and signs such instru-
ments as a notary public, the fee be-
long to the county and must be paid
into the county treasury. See the
case of Sharp Vs. State, 54 Ind.
App. 182; 99 N. E. 1072.

"A deputy in your office cannot
retain the fee charged for adminis-
tering oaths or taking acknowledg-
ements, notwithstanding the fact that
he attempts to act as a notary pub-
lic."

Cash in Mr. Merchant

When the national manufac-
turer advertises in this newspa-
per he is creating a demand for
his goods.

It is definite, tangible and will
be felt by every retailer who has
them in stock.

The storekeepers who will get
the greatest benefit out of this
advertising are those who co-op-
erate with the advertising and the
public.

These live merchants will
draw the demand their way by
showing the goods in the win-
dows or putting them where
people will see them.

The manufacturer's newspa-
per advertising and their co-op-
eration will be very promptly re-
flected in a wholesome increase
in sales.

SMALL BLAZE

A small blaze called the fire department to the home of Martin Kelley, 520 North Sexton street, shortly after one o'clock this afternoon. Small damage was done and the fire extinguished before the arrival of the department. The alarm was phoned in.

JAW BROKEN IN FALL.

William Eck, employed at the I. & C. car barns, broke his jaw bone in a fall from the roof of a car at the yards here late yesterday afternoon. Eck was on top of the car adjusting the trolley and in some manner lost his balance and fell to the ground. The jaw bone was badly broken and it was necessary to pull most of his teeth to wire the broken bone so it could be set.

Doctors Said He Had Dropsy

Some time ago I had an attack of grippe which finally settled in my kidneys and bladder. I doctored with the doctors and they claimed I had dropsy. I tried other remedies and got no relief from any of them. My condition was such that I was unable to work for about two months and the annoying symptoms caused me a great deal of trouble and pain. I was hardly able to turn over in bed. Seeing one of your Almanacs, I decided to give Dr. Kilmer's Swamp Root a trial and after taking several bottles was able to resume my work again. I cannot say too much in praise of your Swamp Root as the results in my case were truly wonderful.

Beware of Ointments for Catarrh That Contain Mercury as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surface. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. TRAWLER AND SHIP ARE SENT TO BOTTOM

Northlands and Alantha Are Latest Victims of German Submarine Warfare.

A VESSEL OF A NEWER TYPE

(By United Press.) That dashed through a heavy sea at incredible speed torpedoed and sunk the steamer Northlands off Beachy Head in the English channel. While some of the crew landed at Deal today were inclined to believe that the attacking submarine was the famous U-12, others believed it was of a newer and far more powerful type. Word of the sinking of the Northlands was received here only a short time before the crew of the trawler Alantha was landed at Blyth near Newcastle. The Alantha was overhauled and sunk by a submarine in the North Sea after a short chase. The Northlands ignored the first signal from the submarine commanding her to halt.

THE TRADING STAMP

WHY WE HAVE NEVER USED THEM

We are frequently asked, "Why do you not give Trading Stamps?" We take this method of informing the public on this point.

The great fundamental reason is that we are fully persuaded their use is a positive hindrance to the highest degree of efficiency in service to our patrons. We believe the Trading Stamp as operated today is a Humbug and a Fraud, because of its false pretense of being of Value to the merchant and his customer. We say it is of value to neither of these parties, and can be of value only to Stamp Companies issuing them, and therefore is wrong and must be abolished.

We believe, when you figure the entire cost of waste of time and other incidental expenses, the rate per cent of cost is prohibitive to the merchant, unless used to obtain an increased rate of profit on his sales.

We believe the customer, the collector of these stamps, who stops to ponder on the time used to gather them, and the meager return in value for this time, will conclude as we do, that his or her share of the family gross receipts can not be earned by using their time where the pay is so slight.

PAIGE

"The Standard of Value and Quality"

Why the Paige is Supreme

THE Paige Fairfield "Six-46" has everywhere proven the most popular six-cylinder motor car—of any price—on the market this season.

Many elements enter into that! The beauty, power, comfort, unequalled quality, riding-luxury and supreme value are obvious reasons. There is another reason, that is the public knowledge that the Paige "Six-46" means real economy. If you have seen the new Paige Six "46", you can readily understand why the item of Depreciation on this car is bound to be a small one. This car is one year ahead of the field. It is not an old model "dolled" up with a fictitious 1915 label and a fictitious price. It is refreshingly new in lines, design and equipment. It belongs to no "school" for it is rapidly establishing a school of its own—the School of 1916.

The Paige Glenwood "Four-36" has this season easily retained its supremacy—for value and service—among the medium-priced four-cylinder cars.

Whether buying a "Six" or a "Four", the Paige Purchaser is satisfied that he is buying the Supreme Value. There are five Cardinal Reasons for Paige Supremacy. They are:

FIRST—Paige Design. It is the popular comment everywhere that the Paige "Six" is the most distinctive looking car as well as the most beautiful car produced this year. Its lines are an adaptation of the best European designs. It looks distinguished, aristocratic, "smart" and powerful. The Paige Glenwood has the same individuality. No matter where you see a Paige Car—bowling down the road or parked on the curb—you recognize Paige Character instantly.

SECOND—Paige Comfort. The Paige "Six" has a wheel base of 124 inches. It accommodates seven passengers luxuriously in its ample seats of soft leather upholstery. Its cantilever spring suspension gives it that marvel of easy riding over all kinds of roads. It is equipped with the Gray & Davis electric lighting and starting systems which means the fullest realization of luxurious motoring. It has the modish one-man top. The Glenwood "Four-36" seats its five passengers in comfort. It is also distinguished for its easy riding. It also has the Gray & Davis equipment. It is in every way to the "Fours" what the Fairfield is to the "Sixes"—Supreme.

THIRD—Paige Power. We believe that the Paige-Continental motor (3½x5¼) of the Paige "Six" is for this car the most ideally powerful and most flexible motor in the world. The Rayfield carburetor adds the highest factor of ease of control and reliability. But Paige "Six" or Paige "Four", when you sit behind the wheel you sense the tremendous power

that flattens out hills and sweeps you buoyantly over any road conditions. Paige Cars are equipped, too, with the Bosch magneto—the world's standard ignition—the multiple disc cork-insert clutch.

FOURTH—Paige Economy. [Whether it be a Paige "Six" or Paige "Four," you KNOW that the soundness of Paige Design and the Excellence of Paige Materials and Paige Workmanship mean Economy to YOU. That is Economy in Operation—which is gasoline and oil—and Economy in Maintenance—which means small repair bills and continuous, year-round Paige Service. A Paige Car is always and everywhere an asset.

FIFTH—Paige Value. Our answer to that is a question—two questions: Do you know of any six-cylinder, seven-passenger car offering any such high-grade features as detailed above that you can buy for a price within \$200, yes, or \$300, of the price of the Paige "Six"?

That price is \$1395

Again, do you know of any four-cylinder, five-passenger car offering such high-grade features as detailed above that you can buy for a price within \$200, yes, or \$300, of the price of the Paige "Four"?

That price is \$1075

See these Paige Cars. Make your own comparisons. If you do that, we know what your selection must be. You will say—as the whole country is saying—"I think I'll buy a Paige."

It's Underwear This Time

—Says Mr. Wise

Thought better mention this subject early before you purchased some elsewhere and found out about our "VASSAR" Underwear later—we know you would be sorry.

Here's the reason—

While "Vassar" Union Suits are being knit (each suit separately, remember), the cuffs and anklets are automatically knit on, without a seam. In most suits, you know, these cuffs and anklets are sewed on—and there is bound to be a seam, however well they are sewed.

Here then, we have a garment that is fashioned to shape in the knitting—has selvedge edges throughout, and has cuffs and anklets knit and not sewed on.

But there's still another and most important distinguishing feature of Vassar Union Suits in the Swiss Rib fabric. This form of knitting gives the highest possible degree of elasticity—the kind that "comes back" as well as stretches out. This fabric in connection with the shaping in the knitting is largely responsible for the perfect fitting of Vassar suits.

As the machine on which these suits are made are controlled exclusively by the Vassar Company, it is impossible to find a combination of these features in any other line.

It is hardly necessary to state here that only the best materials are used.

\$1.00 to \$3.00 per Suit

The Christian Womans Home Missionary society of the Main Street Christian church will be entertained by the women of the April and August divisions at the home of Mrs. Will Harton, 810 North Main street, tomorrow afternoon at two-thirty o'clock. It will be guest day and Laura D. Garst, dean of women at the College of Missions, Indianapolis will make the address. Mr. and Mrs. Garst spent a number of years as missionaries in Japan and Mr. Garst died there. Mr. Garst gave up a good position in the army to take up missionary work. Mrs. Garst has a son and daughter who are now missionaries in Japan. Mrs. Garst is a very interesting woman and a large attendance is urged. The first number on the program will be a paper on the sources of the English Bible, the special topic being, "The Old Manuscripts," by Mrs. Dan Matlock. Mrs. Carl F. Behr and Mrs. Hugh Mauzy will furnish music.

"GREATER" PORTLAND.

St. Johns Oregon, April 5.—The electorate of St. Johns were voting today on the question of whether or not their city shall be merged with Portland. If the meager measures is adopted Portland will vote on the same question in June. St. John's is seven miles below Portland on the Willamette river and has 7,000 population.

Amusements

The Gem offers another of the big double programs tonight. The first picture is the eleventh of "The Master Key" series and as usual features Bob Leonard and Ella Hall. There is plenty of action in this episode and it is said to be one of the most thrilling of the entire series. The second picture is a two reel Bison drama "Old Peg Leg's Will." Grace Cunard and Francis Ford are featured. It is said to be a thrilling western drama. The last picture is a comedy entitled "When Cupid Caught a Thief." Eddie Lyons, Lee Moran and Victoria Ford are featured. Tomorrow night the two reel feature "The Temptation of Edwin Swayne" will be shown.

The Princess offers a two reel Biograph drama "File No. 113" for the first picture of tonight's program. Louise Vale, Franklin Richie and Gretchen Hartman are featured. It is adopted from a famous detective story and it is said to be full of dramatic situations. The other is a comedy entitled "The Slightly Worn Gown." Leah Baird and Leo Delaney are featured and some funny situations are shown. Tomorrow matinee and night the two act drama "The Ambition of the Baron" will be shown. Francis X. Bushman and Beverly Bayne are featured.

A Working Man's Answer.
 A working man, answering Presi-
 dent Wilson's political speech made
 in Indianapolis in January in a com-
 munication to an Indianapolis news-
 paper, writes:

"If the past or present business
 inactivity, resulting in thousands up-
 on thousands of wage earners being
 idle, teaches a lesson it will certainly
 make clear the fact that with the
 coming of the Republican party
 into control of national affairs, good
 business activity comes also.

How any wage earner can not see
 this, after passing through these
 Democratic dull times, is a mystery
 to the writer. If the election of 1916
 is not a landslide for the Republi-
 cans, the handwriting on the wall
 won't mean anything.

Who of us does not remember
 what we experienced during the
 Cleveland administration? Thou-
 sands of us mechanics out of work.
 Many idle mechanics who were not
 accustomed to laboring with pick and
 shovel marched down to Garfield
 park in the early morning to earn a
 few dollars working for the city, on
 the dam for the present artificial
 lake there. Soup houses were es-
 tablished about the city to feed
 worthy hungry. If the Democratic
 wage earner will be fair to his best
 interest, by being convinced that a
 Republican form of government is
 the best friend any wage earner can
 have, he will assert his political
 rights as an independent voter here-
 after, and thereby have a right to
 enjoy the good times coming when
 us Republican workmen again get
 a chance with the ballot."

 YOUR GRAY HAIR**
 Try this! Mix Sage Tea and Sulphur
 and brush it through your hair,

When you darken your hair with Sage
 Tea and Sulphur, no one can tell, be-
 cause it's done so naturally, so evenly.
 Preparing this mixture, though, at home
 is messy and troublesome. For 50 cents
 you can buy at any drug store the ready-
 to-use tonic called, "Wyeth's Sage and
 Sulphur Compound." You just dampen
 a sponge or soft brush with it and draw
 this through your hair, taking one small
 strand at a time. By morning all gray
 hair disappears, and, after another ap-
 plication or two, your hair becomes beau-
 tifully darkened, glossy and luxuriant.
 You will also discover dandruff is gone
 and hair has stopped falling.
 Gray, faded hair, though no disgrace,
 is a sign of old age, and as we all de-

G.O.P. IN CONTROL OF CONVENTION

**New York's Seventh Constitutional
 Convention Opens With Republi-
 cans in Majority**

TAKE UP EQUAL SUFFRAGE

**Indications Are That Former Sena-
 tor Root Will be Made Chair-
 man—Other Prominent Men**

(By United Press.)
 Albany, N. Y., Apr. 6.—The New
 York State's seventh constitutional
 convention, opened here today.
 Francis M. Hugo, secretary of state
 called the meeting to order. The
 convention's purpose is the revision
 of the state's constitution. Important
 questions to be considered in-
 clude "votes for women," the reor-
 ganization of the judiciary and the
 shows ballot. Other issues which
 will be brought before the conven-
 tion are the simplification of the
 election system, home rule for cities
 commission form of government, old
 age pensions and the conservation of
 natural resources.

The Republicans control the con-
 vention. The delegates number 163.
 Fifteen of these are delegates-at-
 large, all Republicans. Of the re-
 maining 154, 101 are also Republi-
 cans. The rest are Democrats. A
 special election held April 7, 1914
 provided for the convention. The
 delegates were chosen at the regular
 election last November. Each of the
 52 senatorial districts is represented
 by 3 delegates.

Indications are Former Senator
 Elihu Root, delegate-at-large, will
 be named chairman of the conven-
 tion. Senator Root was the floor
 leader of the Republican majority at
 the convention held 20 years ago.
 Joseph H. Choate afterward ambas-
 sador to Great Britain, was its pres-
 ident.

Besides Senator Root three others
 among today's delegates gave ser-
 vice at the 1894 convention. These
 are Louis Marshall delegate-at-large
 Charles S. Mereness and Delaney
 Nicoll, district delegates.

Associated with Senator Root and
 Louis Marshall as delegates-at-
 large to the present convention are
 Henry L. Stinson, George W. Wick-
 ersham, Seth Low, William Ber-
 nard Parsons, Jacob Brenner,
 A. T. Clearwater, Edgar T. Brackett,
 Patrick W. Callahan, Jacob Gould
 Schurman, Adolph J. Rodenbeck,
 John Lord O'Brien and Charles H.
 Young. Serving as a district dele-
 gate is William Barnes former chair-
 man of the Republican state commit-
 tee. Numbered among the remain-
 ing district delegates are many mem-
 bers of the 1915 legislature. These
 include Republican Majority Leader
 Harold Hinman and Democratic
 Minority Leader Alfred E. Smith of
 the assembly and Democratic Min-
 ority Leader Robert F. Wagner of the
 senate.

The convention will not get down
 to active work before the end of
 April. Organizations committee ap-
 pointments and the adoption of a
 routine plan are programmed for the
 next few days. Adjournment will be
 taken then until the latter part of
 this month probably the 26th or the
 27th.

CHICAGO HOLDS CITY ELECTION

**Marks Passing from Public Life of
 Carter H. Harrison, Who Has
 Served Five Terms**

HALF MILLION VOTES CAST

**Vote of Women is Expected to be Big
 Factor in Determining Suc-
 cessful Candidate**

(By United Press.)
 Chicago, Apr. 6.—Today's munici-
 pal election marks the passing
 from public life, probably forever, of
 Carter H. Harrison, mayor of Chi-
 cago. Son of Carter H. Harrison
 the first, who was assassinated while
 serving as World's Fair Mayor of
 Chicago, in 1893, Harrison II equalled
 his father's record of 5 terms and
 actually served two more years than
 his father, as his last term was for
 four years, while his father's five
 terms and his own first four were of
 two years each.

Harrison lost the Democratic nom-
 ination to Robert M. Sweitzer in a
 fight that was complicated by many
 issues, several due to the feeling en-
 gendered by the World War. Primarily,
 however, Harrison lost because the
 strap-hangers blamed him for the
 miserable transportation facilities in
 Chicago. During his term just closed
 there was continual agitation for
 a subway or some practical solution
 of the situation which has marked
 Chicago as the slowest of all cities
 to arrange for the transportation of
 its workers. Harrison protested that
 the big mercantile interests allied
 with existing transportation corpora-
 tions had rendered him helpless, but
 he was nevertheless made a victim.

Carter H. Harrison, was an "easy
 boss." Handsome, proud, himself
 on necessity and family, being mayor
 was a distinction. Few men ever
 questioned his personal or business
 honesty; none successfully. His
 liquor policy was liberal in accord-
 ance with what he believed the people
 wanted, during his rule and those of
 Duane and Busse the city grew big-
 ger, more prosperous, many streets
 were lighted; more swept. Police
 grant flourished. The city was
 overrun with crooks. Murders and
 other crimes against person and prop-
 erty increased alarmingly. The sec-
 ond city was experiencing growing
 pains and its revenue for police, light
 cleaning, etc., was not at all com-
 mensurate with the wonderful
 growth. It had outgrown short pants
 but didn't have the money to buy
 long ones and lacked capacity to
 save or earn it. The growth of the
 city parks and boulevard system was
 a bright and notable exception.

Sweitzer, now county clerk, the
 Democratic nominee, is opposed by
 Wm. Hale Thompson, Republican,
 clubman, sportman and reputed
 millionaire real estate owner. The
 race today is between the two. The
 third candidate is Seymour Steadman,
 Socialist, lawyer, former member of
 the legislature. He is not given even
 an outside chance. Former congress-
 man Thompson nominated as candi-
 date of the Progressives, declined to
 make the race.

Both Sweitzer and Thompson are
 regarded as extremely liberal in so
 far as the liquor is concerned and
 the campaign has been marked by
 frequent forecasts of an open city,
 no matter who wins.

A notable feature of today's mayo-
 rality election is that it marks the
 first mayoralty election in a great
 city when women will vote and prob-
 ably cast the decisive ballot. It is
 figured that nearly half a million
 votes will be cast and that the win-
 ner must receive nearly a quarter of
 a million ballots. The usual city
 and aldermanic tickets are also vot-
 ed on.

As soon as the winner is seated,
 Carter Harrison is expected to visit
 the Pacific coast with his family.
 His wife, who was Edith Ogden, is a
 noted writer and a woman of beauty
 and charm who has long desired her
 husband's retirement from politics.
 In case of continued national Demo-
 cratic success, it is believed that
 Harrison will be appointed to some
 diplomatic post of note, where he
 can round out his political career

with out again appealing to the vot-
 ers. Harrison is 55.

REPUBLICANS BUSY ALL OVER INDIANA

United States Senator Warren G.
 Harding of Ohio will be the prin-
 cipal speaker at a rally and love feast
 of Second district Republicans at
 Vincennes on the evening of April
 21. Will H. Hays, Republican State
 Chairman, will preside at this meet-
 ing.

United States Senator William Al-
 den Smith of Michigan has accepted
 an invitation to deliver the principal
 speech at a Republican demonstra-
 tion to be held at Anderson some-
 time during the week of April 26.

"The Progressive News" of Rock-
 port has been discontinued and its
 editor, C. E. Abshire, is moving the
 plant to Owensboro, Ky., where he
 will begin publication of a Republi-
 can newspaper.

The Vigo County Republican Club
 has secured the largest hall in Terre
 Haute in which to give a public oys-
 ter supper Friday night, April 9. The
 committee in charge of the affair is
 preparing to entertain 2,000 people.

The Republicans of Wabash coun-
 ty are planning to hold a banquet at
 Wabash at an early date.

A Republican club is being orga-
 nized in Laporte county with head-
 quarters at Laporte. The incorpor-
 ators of the club are William E. Ely,
 E. T. Hogan, W. W. Talhant, A. J.
 Link and John B. Dilworth. Perma-
 nent club rooms will be maintained.

Committees are busy with plans
 for a Republican banquet to be held
 at Huntington about May 1.—George
 M. Eberhardt, Republican county
 chairman, says that this year's de-
 monstration will be even greater
 than that of last year and that was
 a "hummer."

Republican county or district
 meetings have been held in about
 half of the counties of Indiana since
 the last election and in practically
 every instance a vigorous Republican
 club has been one of the positive re-
 sults.

The Thirteenth district Republican
 committee will meet at Plymouth at
 1 p. m. April 10 for purpose of se-
 lecting a successor to the late Perry
 Smith, district chairman. The eight
 Republican county chairmen of the
 district will have votes in this meet-
 ing. It is expected that this session
 will attract to Plymouth a large
 number of Republican workers from
 every section of the district.

Story of How King Swung Victory Is Told Now For The First Time

(U. P. Staff Correspondent.)

Nish, Serbia, March 9th, (By Mail to New York)—The one man, who more than anyone else, deserves all the credit for the great Serbian victory over the Austrians last December, is King Peter himself.

King Peter is more than seventy years of age. He is so crippled with rheumatism contracted from sleeping on the rainy battlefields of the last two Balkan wars that he can scarcely walk. Yet he entered the first line trenches in that desperate fighting to preserve his little kingdom and so inspired his army that the Austrians fled from Serbian soil, leaving behind 30,000 in killed and wounded and 40,000 prisoners.

The story was told me today by Dr. Wukitchewitch, the king's private physician, he is probably the only man in Serbia who witnessed the entire drama.

"Towards the end of November," said Dr. Wukitchewitch, "I was with his majesty in the southern part of Serbia at the Baths of Vranja, where he was undergoing treatment. The news came to us of the Serbian retreat from the plains of the Yadar. And from the Kolubars. You can imagine the sadness of it all. The Austrians were within ten leagues of our great arsenal and ammunition factory at Kragonievatz, and the occupation of Belgrade seemed certain. The enemy flattered himself that he would finish our little kingdom at one single blow.

"His majesty became taciturn and depressed. But on the night of Nov. 29 he came to dinner radiant and happy.

"I have ordered a train for 6 tomorrow morning," he said to me, "I am going to the front with my soldiers. We will defeat them or die together."

"I was astonished. I protested that his state of health would not permit him to go, but at 6 in the morning we were on our way. At Nish, M. Patchitch, the prime minister, appeared. He brought the government's protest. It would be folly, he said, for the king to continue. But his majesty only smiled, a bit grimly, and signaled for the train to continue.

"At the last railway station, an automobile met us from Roudnik and the king was carried by two soldiers on a litter. He appeared to gain strength at every yard and when finally the soldiers brought him to the second line trenches, he was half smiling, half crying, with joy. He descended from the litter, seized the flag and kissed it devoutly. Soldiers came running from all sides.

"Men, it seems that you are tired," said his majesty. "The Austrians have invited you not to fight

any more, to return to your wives and families. You are free to do what you will, but for me, I shall cling to this flag. I shall fight to the last with those who choose to remain with me."

"There was a moment of impressive silence. Then the mayor of a nearby village, the highest ranking officer of the reserves present, stepped forward.

"Gospodarou" (sire) he said, "We are with you to the end. Every man here will die before he yields."

"That night we slept in a nearby village. The next morning we rejoined the army of Kosmay. They escorted us to a village where the first line trenches rested and Austrian shells were falling all about us.

"It was impossible to restrain his majesty. He dropped his cane and hobbled into the firing line. He picked up the rifle of a dead soldier and began firing. Only when the troops, inspired by the presence of their aged king, leaped out of the trenches with a roar of cheers and began driving the enemy before them in a bayonet charge, did he desist.

"The next day his majesty appeared thoroughly rejuvenated. He walked without his cane and acted like a boy of ten. We kept pace with the Serbians who were advancing rapidly in full pursuit of the Austrians.

At Torlak, just in front of Belgrade, King Peter stood on a little elevation and saw the Austrians as they evacuated the capital, watched while Serbian troops re-entered the city and saw Serbian artillery destroy the bridge across the Save, over which the Austrian rear guard was trying to get out of Serbian territory.

"Austrian shells were still bursting in Belgrade when the king re-entered his capital and he found the cathedral, towards which he first directed his steps, securely locked. A small boy recognized the king, threw a stone through the window, crawled in and unbolted the door. A priest was found and his majesty was ordered a Te Deum.

"It was a strange Te Deum which was celebrated there in the cathedral, with the guns still booming, now at a distance. The people crowded in to kiss the king's mantle, rather than listen to the service. A little later an automobile dashed up with the two princes. They carried their father away in their arms and the service ended in a delirium of joy. King Peter saved the kingdom from being overrun by the Austrians. Discouraged and exhausted, the little Serbian army was slowly retreating. It was their first terrible attack under the stimulus of his presence that started the Austrian retreat."

YOUR HAIR NEEDS PARISIAN SAGE

If your hair is full of dandruff, thin, streaky, dull and never will do up to look pretty, you can almost immediately remove the cause making it beautiful, thick and fluffy by the use of Parisian Sage, one of the most helpful and invigorating hair and scalp tonics known.

Parisian Sage not only saves your hair but furnishes the nourishment needed to make it grow long, abundant, and radiant with life. Just one application removes every trace of dandruff and stops scalp itch—your hair becomes soft and fluffy with an incomparable gloss, beauty and charm.

You cannot be disappointed with this harmless and delicately perfumed tonic, and it costs but a trifle at P. B. Johnson's Drug Store. (Advertisement.)

ALL DEFENDANTS FOUND GUILTY

Continued from Page 1.

showing of the defense. He was openly accused of having sacrificed his former confederates to provide his own defense, and his attorney, A. O. Stanley, was reprimanded by the court for devoting his attentions to Roberts and neglecting other of his clients who "were to be presumed innocent until proved guilty."

The trial was full of sensations. It was dramatically staged. At the time when readers became tired of stories of election corruption, the government brought out that Thomas Taggart, democratic national committee and party leader in Indiana had in effect provided the \$10,000 bond on which Roberts was released when indicted. Judge A. B. Anderson himself conducted the examination that disclosed this fact.

Nor was Thomas Taggart the only Democratic leader involved. Crawford Fairbanks, the millionaire brewer of Terre Haute, reputed the wealthiest man in Indiana and recognized as co-leader with Mr. Taggart, was pointed out as having contributed \$1,500 to the election fund.

The Taggart incident was the outcome of an alleged attempt on the part of Mayor Roberts, City Thomas Smith, Sheriff Dennis Shea, Alexander Steel, all defendants, the conspire to corrupt government witnesses. They were jailed on the court's order, and then on the suggestion of Mr. Dailey the court ordered that the bonding companies appear and make known those who had indemnified the bonds.

The government Roberts organization were arrested on affidavits filed before U. S. Commissioner Moores here.

The indictment was returned December 23, and the arrests of Mayor Roberts and the other "higher-ups" came as a Christmas gift the night of December 25.

That the government had the case

all in hand was demonstrated on Jan. 12, when eighty-one indicted men pleaded guilty to the conspiracy charge. Seven others changed to that plea later, making the total pleading guilty 88. Seventy-nine of these testified against the twenty-eight who chose to fight the case.

The government's chief victory was won on Jan. 23 when Judge Anderson overruled the demurrer to the indictment, sustaining the indictment in every particular.

The trial began March 8. The government consumed fifteen days by its evidence in chief. The defense took most of four days.

Chief points of interest in the indictment are the charges that the defendants conspired to prevent qualified voters for voting for candidates for the United States Senate and House of representatives, and from serving on election boards; caused men who had committed no offense to be placed in jail and held without due process of law, caused others to be intimidated; that the defendants conspired to commit wilful fraud on the United States in connection with the direct election of a United States senator. It was charged that the defendants raised a "slush" fund from gamblers and saloon men to debauch the election.

To District Attorney Frank C. Dailey is given full credit for conducting the case to its successful close. Also he originated the idea of applying the conspiracy clause of the federal criminal code to local elections. He conducted the examinations unaided establishing a record as a trial lawyer.

CORRECTS ERRORS IN COURT RECORD

Judge Blair of Shelbyville Here Today Going Over Vandenberg Case.

RULINGS BY JUDGE SPARKS

Judge Blair of the Shelby circuit court was here for a short time today occupying the bench in the local circuit court and going over the record with the attorneys interested in the receivership suit of Moses Vandenberg. The record in one or two instances was not correct and the mistakes were corrected. Judge Blair was the judge in this case which was decided about a year ago.

Judge Sparks found for the plaintiff in the sum of \$75 and costs in the suit of George Lee against William Emsweller. The suit was on an account and the demand was \$150.

In the suit of Eric C. Morgan, administrator of the estate of Elijah Applegate, deceased, against Thos. M. Cox, et al., to foreclose a mortgage demanding \$1,255, the court found for the plaintiff in the sum of \$918.87, including \$50 attorney fees.

Rheumatism In Ankles

One bottle of Rheuma Relieved Woman Who Could Not Walk

Marvelous as this story may seem, it is absolutely true; but this is only one of the many almost magical cures that Rheuma is performing these days. Use of one bottle will convince any sufferer.

Mrs. Gertrude Kozel, Smithfield, Pa., writes: "I had rheumatism for over a year; it settled in my ankles and I could not walk. I have taken one bottle of Rheuma and do not have any more pain, and I can again walk at will."

P. B. Johnson and all druggists sell Rheuma for 50 cents. It is guaranteed to cure any case of any kind of rheumatism or money back.

Gratifying relief comes in a day, because Rheuma acts at one time on the kidneys, stomach, liver and blood and starts to rid the entire system of poisonous uric acid at once.

"Reds" Have Taken to Drinking
Tea in New York

IS HARD ON IMAGINATION

Belgium Relief Committee Receives

Many Expressions of Thanks
for Help During War

BY CARLTON TEN EYCK
(Written for United Press.)

New York, Apr. 6.—At last—discovered! New York's anarchists are tea-drinkers!

It's mighty hard on the imagination, but truth must out some time. Not only Alexander Berkman, but Emma Goldman and other prominent "reds" of the modern Babylon have been shown up in their true colors, so long fighters—everyone!

Here of late, the Nick Carter school of "penny dreadful" writers have been brought down to the cold, hard macadam of reality. No longer can they picture "Iren Ivan, the Nihilist Scourge" as a bushy-bearded man with a bomb-assement up his coat-tails. Ivan is hitting the colong along with the rest.

It now appears that anarchy is getting quite genteel. The so-called "school of anarchy" in the Ferrer Anarchist Center at 63 East 107th street includes not only reading, writin' and 'rithmetic in the curriculum, but also a course in Maxim Gorky, Zola and Turgenev.

"Sweat, sweat, sweat,
From morn to dewy eve."

The pursuit of a vanishing figure is growing swifter for New York's daughters of Eve its leading right through the Turkish bath establishments of Gotham. It's a rigorous task—this steaming back the sylph-like form—but the figure must be regained and one of the most popular forms of accomplishment is to leave two or three pounds every day in the hot-room of a Turkish bath establishment.

There's one great drawback to the treatment however. The steaming process takes away the figure but it gives back an awful appetite. In turn the appetite gives back the averdupois and so the merry, merry chase of the perfect figure continues.

More than 200 communications from people of Belgium expressing their thanks to the United States for its help in their extremity, has been received at the office of the Belgium Relief Committee, here, but the real interest in the communications centers about the wonderful artistic work shown by the Belgians in the preparation of these letters. Many of them are written on wonderful old paper and hand-illuminated. The work of illuminating the communications calls for the highest degree of artistic skill and already, the letters have attracted considerable attention from New York art lovers.

A Medicine of Merit.

A proprietary medicine, like everything else that comes before the public has to prove its merits. The law of the survival of the fittest applies in this field as in others. The reason for the tremendous success of Lydia E. Pinkham's Vegetable Compound is because it has been fulfilling a real human need for forty years, so that today thousands of American women owe their health and happiness to the marvelous power of this famous medicine, made from roots and herbs—nature's remedy for woman's ills.

IF BACK HURTS BEGIN ON SALTS

Flush the Kidneys at once when Back-
achy or Bladder bothers—Meat
forms uric acid.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act no. This famous salts is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

THE HOME OF CLARK'S PURITY FLOUR

Lawrence W. Payne Writes Of His Dilightful Trip Through South

Hillman Hotel, Birmingham Ala., April 2, 1915.

Editor of the Republican, Rushville, Ind.,

My Dear Sir—

As it is impossible to write to all of my friends my pleasant and wonderful experiences on my trip South with my beloved friend, the Rev. Dr. Lennard W. Snyder of Philadelphia, Pa., known as the Boy's Minister throughout the United States, I kindly ask the Editor of my home papers to publish a general letter.

Leaving Rushville on Friday March 12th, we arrived in the evening at Lexington, Ky. where we were met by two Kentucky boys, friends of Dr. Snyder, who accompanied us to Chattanooga, Tenn., and remained our guests during our stay.

Reaching Chattanooga on Sunday March 14th, we were met by three local boys, also great friends of Dr. Snyder for many years. After breakfast we proceeded for a visit to Lookout Mountain.

It was a beautiful day, indeed, sunny, bright and clear and after ascending "Lookout" leaving the city, country and river below us, we visited many places of historic interest and had an opportunity to look into seven states, viz: Kentucky, Virginia, North and South Carolina, Alabama, Mississippi and Georgia.

I shall never forget that great sight where the "Battle above the clouds" was fought by the men of the 60's and the occasion when I sat in Gen. Grant's chair and wrote postals on Gen. Thomas' table.

In the afternoon a big chicken dinner was prepared for our party by friends of the Chattanooga boys, and in the evening we made headquarters at Signal Mountain Inn, located on the summit of Signal Mountain.

This hotel is very beautiful and is a wonderful spot for rest and recreation. Any one visiting Chattanooga ought to make his headquarters at Signal Mountain Inn where home comforts and leisure can be enjoyed and every possible attention is given.

We remained at Chattanooga until Friday, March 19th. During that time we visited many places of historic interest such as Chickamauga Park, Missionary Ridge and Bragg's Tower. On Friday afternoon, March 19th, we visited the little town of St. Elmo, situated on the foot of Lookout Mountain where Dr. Snyder delivered an address to the school children.

Chattanooga is a city of 100,000, situated on the banks of the beautiful Tennessee River, and is termed the Scenic City. I like Chattanooga very much, and hope to visit that city again some time. In the evening the Mt. Sterling boys left for home, and Dr. Snyder and myself left for Atlanta, Ga., where we arrived on Saturday March 20th. Atlanta is also a beautiful and busy city, with a population of nearly 200,000 and is known as the "Gateway to the south."

We only remained here one day, leaving for Jacksonville, Fla., where we arrived on Sunday last, March 21st. It proved very damp and chilly in Jacksonville, so we left there sooner than expected, and arrived on Wednesday, March 24th at Tampa, Fla., where we made headquarters for several days, taking trips on Tampa Bay, to St. Petersburg, Port Tampa, Pass a grill, and other towns along the Bay.

The city of Tampa has a population of about 70,000 people, about half of which are Cubans and Italians. The town of St. Petersburg is the greatest tourist town on the West Coast of Florida, and has like Tampa, beautiful surroundings.

But the little town of Pass a grill bordered between the extreme West arm of Tampa Bay on one side, and the Gulf of Mexico on the other and decorated with nature's palms and flowers, I enjoyed the most of all. There took my first swim in the Gulf of Mexico.

Unfortunately, the climatic conditions have not been very favorable this winter in Florida, as the entire winter season has been cold and damp.

Business conditions in the South are very bad everywhere, and tourist season has been far from good. But speaking for myself, I have enjoyed my stay in Florida. In fact, I have enjoyed every minute of my trip. At present I am on my homeward journey, stopping at present at Birmingham, Ala., another busy city of nearly 180,000 population. I will stop at several other places on the way home. This trip has not only been helpful to me physically, but also educationally. I have learned many lessons from the Book of Life. I enjoyed being with Dr. Snyder, as he knows how to travel and to make it interesting to a boy. Any one who can sojourn with him is a lucky boy.

Let me add, I cannot blame any one who can enjoy summer in winter and to speed for Southern climate where sunshine, flowers, trees and birds inspire the visitor, and where we can dwell with nature, the dear old nurse among the palm trees, orange groves and pines and delight in the great outdoors, which God has made.

We expect to return to Rushville, Sunday April 10th. On Monday, April 12th, I expect to be with my class.

Thanking the Editor for his kindness, and with best wishes to all my friends,

From yours very respectfully, and faithfully, LAWRENCE PAYNE.

FRANCE TO SEIZE GERMAN HOTELS

Plan to Convert Property Along Riviera Into Hospitals to Better Care for Wounded

CLIMATE ONE BIG FACTOR

Work is Started Rebuilding Towns and Villages Destroyed at Start of War

(U. P. Staff Correspondent.)

Paris, Mar. 23.—(By Mail to New York)—German and Austrian owned hotels, villas and private residences of all kinds on the famous French Riviera are to be used as hospitals for the French soldiers whom the former are wounding if Deputy Georges Boussonot can have his way. He has written to the Minister of the Interior demanding that all such properties be taken over by the government and equipped at once as military hospitals. The delightful winter climate of the Riviera, it is pointed out, would be a most important factor in the convalescence of the wounded. As a goodly portion of the hotel industry on the Riviera is in the hands of German concerns it is estimated that the seizure of the hotels alone would afford all of the hospitals accommodations that could possibly be needed.

France has just begun its first step towards the rebuilding on the most modern lines of the hundreds of French towns and villages destroyed in the present war. As many of these were centuries old, even their historic interest and importance could not always offset the disadvantage of unsanitary location and construction resulting from the more or less primitive times in which they were built. A commission composed of M. Brissac, director of public hygiene, Drs. Julien Rensault, Pottevin, and Labbe, technical sanitary experts; M. Martel the famous geologist, and M. Pelissier, one of the greatest modern authorities on agricultural improvement has just been appointed to inspect the provinces invaded by the Germans for the purpose of preparing sites and plans for the reconstruction of the towns and villages under modern sanitary requirements. Similar commissions of experts for passing upon other essential elements in the rebuilding of the towns will be appointed later as the work is carried on step by step.

DISAPPROVES PARTY'S ACT.

Norwich, Eng., April 6.—The independent labor party in convention here today adopted a resolution expressing strong disapproval of the party in recruiting campaigns. The resolution also disapproved the action of labor members of parliament in taking the platform in such campaigns.

COCOANUT OIL MAKES A SPLENDID SHAMPOO

If you want to keep your hair in good condition, the less soap you use the better.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain mulified cocoanut oil (which is pure and entirely greaseless), is much better than soap or anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get mulified cocoanut oil at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.

TRY THIS IF YOU HAVE DANDRUFF

Or Are Bothered With Falling Hair or Itching Scalp.

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop instantly and your hair will be fluffy, lustrous, glossy, silky and soft and look and feel a hundred times better.

If you want to keep your hair looking rich, do by all means get rid of dandruff, for nothing destroys the hair so quickly. It not only starves the hair and makes it fall out, but it makes it stringy, straggly, dull, dry, brittle and lifeless, and everybody notices it. You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.

CASE WILL OPEN NEXT THURSDAY

Three Federal Judges Will Hear Suit to Test Validity of Trading Stamp Act.

STEVENS IS A DEFENDANT

Merchants Here Who Give Stamps Are Anxious to Have Constitutionality Settled.

Three federal judges have been selected and have declared their intentions of sitting in the United States district court for Indiana in Indianapolis day after tomorrow, Thursday, April 8, to hear the suit brought by the Home Merchants Trading association to have the federal court pass on the validity of the trading stamp law enacted by the last legislature.

There is special interest in the suit here because on the decision depends to a large extent whether

the trading stamp companies doing business in Rushville shall continue. Because the Home Merchants association recently started here, Albert Stevens, prosecutor of Rush county, was made a defendant in the case together with four other Indiana prosecutors.

Merchants here who are giving trading stamps not only in the Home Merchants but in others are anxious to see the law put to a test. They have contended from the first that the law is not constitutional.

The judges who will sit in the case are Christian C. Kohlsaat, of Chicago, judge of the United States circuit court of appeals; Ferdinand A. Geiger, judge of the United States court for the eastern district of Wisconsin at Milwaukee, and A. B. Anderson, judge of the district of Indiana.

Noble C. Butler, clerk of the United States district court, yesterday said he had received word from the two federal judges outside of the district that they would be able to be in Indianapolis on that date. The federal code provides that three judges, one of whom must be a judge of the supreme or circuit court of appeals, must sit as one tribunal when a suit is directed against an officer of any state and the validity of any state statute is questioned.

The suit brought by the trading stamp company makes five prosecutors of Indiana counties defendants. The company asks that an injunction be given by the federal court preventing the prosecutors from enforcing the law.

The suit attacks the constitutionality of the law on the grounds that it is discriminatory, that the license fee provided for under the law is confiscatory and that the law would deprive the company of its property without due process of law, contrary to the Constitution of the United States.

QUAKER TOWN IN HIGH GLEE BECAUSE IT IS IMMUNE FROM ROLLERITIS

Rushville Less Sedate and Tranquil, Afflicted With Mania That is no Respector of Age.

GRAZE GETS INTO THE BLOOD

Richmond, sedate and tranquil, is slapping itself on its own back in high glee, because it, demure Quaker town that it is, still remains immune to the ravages of the roller skating craze. In reporting its own happy and highminded state, the Richmond Palladium affirms that many cities in this part of Indiana are afflicted with rolleritis, mentioning Connersville in the list.

The Palladium further says that the mania has spread in the towns of western Ohio, notably Dayton, where so many persons of all ages are skating that it is almost unsafe for persons to walk on the sidewalks.

If this be the case, Rushville, it would seem, is entirely "in the swim." Roller skating is quite the thing in Rushville. It appears to get into the blood like the warm rays of a spring sun. It penetrates the vitals and gets humanity to such a state that humanity is on a skate a goodly part of the time.

Close observers here have noted that this thing they call the roller skating craze is no respecter of age or occupation. The old folks as well as the young have been known to sneak out in the night-time when good people were asleep and do a

few spectacular "turns" on the hard cement.

The school kids, of course, were the first to take up with the thing this spring. They have been skating to and from school. Their chief delight is puffing up the Main or Perkins street bill and the coasting down. At first the older "young folks" looked on, wishing they were school kids again. But they were not onlookers for long. They began skating at night. And now, it is not an uncommon thing to attend a "skating party." The choice blocks for this sport are those where they are no alleys—a smooth, continuous skate, you know without interruption, for a whole block.

Now the newsboys are skating. They skate around their route, making almost as good time as on bicycle. It's quite impossible to tell where the craze will strike next.

The Richmond Palladium wonders how long "Richmond can maintain its poise and walk sedately to and from work and social functions, while neighboring cities are whirling about on rollers." The Palladium concludes it is going to be a severe ordeal as the mania is drawing nearer.

Connersville seems to be the latest city to report an epidemic of rolleritis. Everybody is skating there. The rapid spread of the fever has caused the police chief to issue warnings to both parents and children that they must keep out of the street, and that they must skate always on the right side of the walks to avoid collisions.

PETITION FILED TO VACATE ROAD

Commissioners Appoint Viewers to Consider Request of Mary E. Gosnell and Report.

POOR FARM SUPPLIES LET

The commissioners at the regular monthly meeting yesterday awarded contracts for poor farm supplies as follows: Weeks Fresh Meat and Provision company meats; Knecht Clothing company, clothing; B. A. Black and company, groceries; E. R. Casady, dry goods; Ben A. Cox, shoes.

A petition was filed by Mary E. Gosnell, et al., to vacate and change a road in Orange township. Jacob Clifton, Joe Carson and Cliff Winship were appointed viewers. The road is near the old Henley camp.

John Spencer and Thomas Erle were the viewers appointed for the William Harton road. The report of the old viewers was divided and it was necessary to appoint a new set of viewers.

BURNS FATAL TO CHILD

One-Year-Old Daughter of Ezra Carmony of Manilla Dies.

Verna LaVonne Carmony, the one-year old daughter of Mr. and Mrs. Ezra Carmony, of near Manilla, died yesterday from the effects of burns received last week. In some manner the child fell against a stove and sustained horrible burns. Her death was expected. Besides her parents, she is survived by her grandmother, Mrs. Catherine Hertsell, and grandfather, Thomas F. Carmony. The funeral services were held this afternoon at one o'clock at the Carmony home and burial took place in the Forest Hill cemetery.

NO CHANCE FOR A SEVEN.

Simon Beard, colored, who was yesterday fined \$100 and sentenced to 30 days in jail for assault and battery on his wife, has evidently been playing a sure thing in a dice game. When searched at the jail three sets of dice were found on him and of the three only, one set was good. The crooked dice did not have a seven or any combination that would make seven, but did contain many fives. One dice alone had three fives and by placing the dice in sets it was possible to make ten in about six different ways. The dice were all alike and the crooked one could easily be run in a game.
